## Your best is yet to run.

This is your breakthrough moment. Shine with the Endorphin Elite. It's got new PWRRUN HG foam cushioning for energy that helps power you toward your next PR. Plus, a heel-to-toe plate design that helps maximize flexibility as you roll past the finish line. Ready to win?

### Energy return.

PWRRUN HG foam cushioning gives you the energy you need to fly past the competition.

### Propulsive feel.

New plate geometry from heel to toe helps you capitalize on your quickness.

### Race-ready fit.

The upper combines knitted and mesh materials for a lightweight feel that won't hinder your stride.

## The art of speed.

It's speed over everything when you lace up the Endorphin Pro 3. Designed with a carbon-fiber plate and an even thicker stack of PWRRUN PB foam cushioning, you get more pop underfoot for the ultimate go-fast experience.

## Push past your limits.

SPEEDROLL Technology and a powerful carbon-fiber plate propel you forward for effortless speed.

## Take it further.

A stack of PWRRUN PB foam cushioning gives you as much of an edge as possible.

## It's in the details.

Geometry, plate, foam, and fit. We've mastered the formula for an unbeatable ride.

# ENDORPHIN SPEED 3

SELECT RETAILERS ONLY

## Work harder. Run faster.

Want to feel faster? Meet the Endorphin Speed 3—a shoe that's the definition of swift. Designed with a new winged plate that helps support your run from toe-off to landing, it's everything you need to push your pace with ease.

## We perfected the plate.

A reimagined S-curve winged nylon plate centers and supports your foot better for daily training.

## We did the math.

Updated geometry gives you a smoother ride and more pop and spring for serious speed.

## Fit for go-fast days.

A fully redesigned upper delivers a comfortable fit from heel to toe.

# ENDORPHIN SHIFT 3

## Elevate your stride.

Every run gets better in the Endorphin Shift 3. Stacked with PWRRUN cushioning for comfort, it uses enough foam to help you transition effortlessly from week to weekend. This is a shoe that can keep up no matter the workout.

## Lighter, softer, speedier.

Get to know the softer side of SPEEDROLL Technology with an extra 2mm of PWRRUN

## Light on your feet.

Durable and lightweight mesh pairs with a streamlined heel clip for support that doesn't weigh you down.

## Better transitions.

With a new groove in the heel, you can touch down and roll forward more easily than before.

## Meet your daily training partner.

The redesigned Ride 15 delivers a comfort-first sensation that takes your run to new heights. Built using softer cushioning and a pillowy sockliner, it's got more foam, less weight, and everything you need to get after it.

### Pillowy soft.

A new PWRRUN formula means a softer stack of cushioning with less weight for your most comfortable run yet.

### Heel-to-toe smoothness.

New heel and forefoot beveling gives you a smooth stride, propelling you effortlessly from heel to toe.

### 360° fit and feel.

With higher sidewalls, you sit into the shoe, creating an incredible underfoot sensation and supportive fit.

# ECHELON 9

**Comfort to the max.**

A pure comfort shoe. The Echelon 9 is relentless with max cushioning and a lighter feel to take on your next big run.

**Comfort made better.**

Expect a dramatically improved feel and ride with increased spring, but the same roomy fit and shape you love.

**More cushioning. Less weight.**

With a thicker bed of our updated PWRRUN cushioning, it's a super soft ride that's way lighter than before.

**All in the details.**

From high thread-count marled mesh to supportive outsole wrapping at the midfoot, it's the little things that make all the difference.

# AXON 3

### Comfort you can't deny.

The Axon 3 helps you savor every stride. Designed for more feel-good miles and incredibly plush, it comes stacked with a bed of PWRRUN foam cushioning. All in all, it's the complete running package. What's not to like?

### Fast meets plush.

A stacked bed of PWRRUN gives you plenty of soft cushioning that feels incredibly smooth.

### Uses sustainable materials.

EVA in the midsole uses 36% bio-based foam for a lighter footprint.

### Cooling sensation

Sleek and breathable upper keeps you cool and light on your feet.

## Get a running start.

The new Cohesion 16 gives you everything you need for a feel-good run—VERSARUN cushioning, a smooth transition from heel to toe, and a comfortable, secure fit.

## Cushioned comfort.

VERSARUN cushioning absorbs impact and reduces pressure for comfortable strides every step of the way.

## Durable performance.

The rubber outsole takes cues from our most trusted styles for a smooth feel that holds up to lots of miles.

## Lighten up.

A light and breathable mesh upper makes every step feel fresh and cool.

## This changes everything.

Release your inner trail seeker. The Endorphin Edge is packed with PWRRUN PB foam cushioning and a Carbitex™ carbon-fiber plate that helps propel you forward. Gripped for rugged terrain, it's the only distance shoe you need for your adventure.

## Fast for the trail.

A flexible Carbitex™ AFX 3-quarter carbon-fiber plate gives you speed and efficiency without losing touch with the terrain below.

## Keep cool. Stay dry.

With both higher absorption and faster evaporation, the lightweight mesh on the Endorphin Edge helps pull moisture away from your foot.

## Next-level performance.

With a PWRTRAC outsole for grip and lightweight PWRRUN PB cushioning, you have everything you need to go far and go fast.

# XODUS ULTRA 2

## Off the grid. In the zone.

For those who see the horizon and dare to explore further, meet Xodus Ultra 2. Specifically designed for the long-haul, it's the ultra-comfort you desire for the ultra-distance you demand.

## Built for long trails.

The Xodus Ultra 2 was made to go the distance, starting with a design that's specifically formulated to give you more room and more comfort as you take on extra miles.

## Energy return.

Ultralight and ultra-plush PWRRUN PB foam combines with a durable PWRRUN Frame for maximum cushioning and protection for long miles.

## Grip to go.

3-piece PWRTRAC outsole gives you incredible traction on uncharted terrain.

## Hit the trails. Ditch the speed limits.

For those that live on the edge. The Peregrine 13 holds nothing back for the ultimate off-road experience. Cushioned with PWRRUN foam and built with tough grip underfoot, it's everything you need to go farther, faster.

### Less weight. More speed.

PWRRUN foam midsole is lightweight and cushioned for a comfortable feel.

### Lightweight miles.

With an ultralightweight feel, the Peregrine 13 delivers more speed for an incredible trail outing.

### Tough grip. Rugged traction.

PWRTRAC rubber outsole and rock guard ensure maximum traction and grip on rugged terrain.

## Dig deep. Get dirty.

Soft terrain and mucky conditions are no match for the Peregrine 13 ST. Mud, snow, water— newly designed, deep and aggressive lugs cuts through the wet earth with ease. Its mid-cut height uses a gaiter to help keep out any debris that comes your way. Dirt doesn't stand a chance.

## Less weight. More speed.

More PWRRUN foam in the midsole keeps it lightweight and cushioned for a comfortable feel.

## Shield your stride.

Closed mesh and ankle gaiter provide ample protection against unwanted debris.

## Tough grip. Rugged Traction.

Deep PWRTRAC lugs and rock guard are designed to tackle wet, muddy terrain with ease.

# RIDE 15 TR

## Run without boundaries.

The redesigned Ride 15 TR delivers a comfort-first sensation that takes your trail runs to new heights. Built using softer cushioning and grippy tread, it's got more foam, a durable feel, and everything you need to go further.

## Ride off road.

A segmented PWRTRAC outsole and lightweight yet durable upper provides versatility for the road and the trail.

## Lighter. Softer. Faster.

A softer PWRRUN cushioning formula gives you more cushion and less weight for your springiest trail and road runs.

## Comfort to go.

A beveled midsole with a higher stack of cushioning delivers an easy stride from heel to toe.

# TECHNOLOGY GLOSSARY

## COMFORT LITE SOCKLINER

Molded sockliner designed to hug the heel, provide support and reduce pressure in the forefoot. Designed with EVA foam for added cushioning.

## DIE-CUT PWRRUN PB SOCKLINER

High-performance sockliner that combines energy return with a lightweight feel for comfort.

## FORMFIT

360-approach to fit that ensures a secure, customized feel from top to bottom. Combines an underfoot cradle construction with soft cushioning, higher side walls and flexible upper materials that mold to the shape of your foot.

## FOUNDATION PLATFORM

Provides a highly versatile, accommodating fit and feel designed to maximize comfort and support. Specifically designed for compatibility with orthotics or shoe inserts.

## GEOMETRY

Everything from the curve of a midsole to its strategic offset, flex grooves and more. All the engineering that adds up to an effortless ride.

## HOLLOW-TECH

A lightweight, minimal TPU support structure that guides your stride without added bulk.

## iBR+

A light and cushioned blown rubber that is both durable and soft.

## OFFSET

Heel-to-toe differential of the shoe, inclusive of the midsole and outsole measurements.

## PEBAX® SPIKE PLATE

A rigid spike plate that's designed to help cut weight while providing traction where you need it most.

## PWRRUN

Plush and durable cushioning that puts comfort above all else.

## PWRRUN BIO

Plush and durable cushioning that uses a sugarcane ethanol base blended into the EVA for a shoe you can feel good about.

## PWRRUN+

Formulated for the softest underfoot feel, this foam gives you an unbelievably plush and springy ride that's light as air.

## PWRRUNPB

Exceptionally bouncy and soft, this beaded superfoam delivers high-performance energy return and durability in an incredibly lightweight package.

## PWRRUN FRAME

Works in tandem with a high-cushion core to support and power the stride.

## PWRRUN HG

The more energy you give, the more energy you get. Soft and lightweight cushioning that won't quit on race day.

## PWRTRAC

Trail-specific outsole rubber that gives you exceptional traction and grip with the durability to withstand rough terrain.

## SUPPORT FRAME

Molded support locks the heel in place for a secure, stable fit.

## SPEEDROLL

A blend of max cushioning and speed geometry that fuels you with non-stop momentum, so you can run faster, not harder.

## TRI-FLEX

Outsole design that protects from impact and flexes with the movement of your stride.

## VIBRAM ARCTIC GRIP®

Vibram Arctic Grip® Technology provides unparalleled traction in wet, slippery conditions.

## VERSARUN

Durable EVA-based cushioning that feels responsive and performs across all kinds of activities.

## XT-900

Premium carbon rubber outsole material that offers exceptional traction and durability.

## XT-600

Carbon rubber outsole material that offers long-lasting durability and traction.
