

ASICS CANADA
SPRING/SUMMER 2021

INLINE CATALOG

The background of the image is a low-angle, perspective shot of a paved road with two yellow double lines receding into the distance. The road surface is dark grey asphalt, and the yellow lines are slightly worn and cracked. In the background, there is a dense line of green trees and foliage, which is slightly out of focus. The overall lighting is soft, suggesting a dusk or dawn setting.

LEGENDS

GEL-NIMBUS® 23

Constructed with comfort and breathability in mind, the upper features a softer engineered mesh design for long runs. Engineered eyelet shaping helps the upper move more naturally with the foot, while a stretchy midfoot panel appropriately hugs the foot to generate enhanced flexibility.

Providing the runner with excellent shock absorption and softness, the GEL-NIMBUS® 23 delivers more compression in the heel thanks to its softer GEL® technology cushioning unit and contoured design lines. This combination creates a more accommodating fit and feel. In addition, a gender-specific TRUSSTIC™ device provides an articulated amount of support in the right direction for men and women to help generate a smooth transition. Under the toe, the inclusion of gender-specific pillars help cushion the body and help runners experience a softer feel. Simultaneously, the ORTHOLITE™ X-60 sockliner equips runners with a forgiving, yet responsive stride.

The components of the GEL-NIMBUS® 23 shoe help increase the softness without forgoing the integrity of the shoe's ride. For over two decades, the GEL-NIMBUS® franchise has established itself as a neutral running shoe with excellent cushioning. The 23rd version of the GEL-NIMBUS® continues to make advancements within the lineage by offering improved support and comfort for distance runners.

GEL-NIMBUS® 23 LITE-SHOW™

Constructed with comfort and breathability in mind, the upper features a softer engineered mesh design for long runs. Engineered eyelet shaping helps the upper move more naturally with the foot, while a stretchy midfoot panel appropriately hugs the foot to generate better flexibility.

Providing the runner with excellent shock absorption and softness, the GEL-NIMBUS® 23 LITE-SHOW™ delivers more compression in the heel thanks to its softer GEL® technology cushioning unit and contoured design lines. This combination creates a more accommodating fit and feel. Additionally, a gender-specific TRUSSTIC™ device provides an articulated amount of support in the right direction for men and women to help generate a smooth transition. Under the toe, the inclusion of gender-specific pillars help cushion the body and help runners experience a softer feel. Simultaneously, the ORTHOLITE™ X-55 sockliner equips runners with a forgiving, yet responsive stride. This offering also incorporates reflective accents throughout the design that allow you to stay more visible in low-light conditions.

The components of the GEL-NIMBUS® 23 LITE-SHOW™ shoe help increase the softness without forgoing the integrity of the shoe's ride. For over two decades, the GEL-NIMBUS® franchise has established itself as a neutral running shoe with excellent cushioning. The 23rd version of the GEL-NIMBUS® continues to make advancements within the lineage by offering improved support and comfort for distance runners.

GEL-CUMULUS® 22

The GEL-CUMULUS® 22 running shoe is a recommended choice for neutral runners who want a soft, flexible everyday trainer with a great fit. This update features a one-piece upper mesh that's combined with a seamless 3D print construction, which balances support and comfort around the foot - giving you an excellent fit right out of the box.

The FLYTEFOAM™ technology midsole is softer than the previous version to promote a pillowy ride. Under heel where the foot first hits the ground has been redesigned to better isolate impact. This new heel design has deeper forefoot flex grooves and a softer midsole foam to give you a plush ride.

A hard-wearing AHAR® plus rubber outsole compound has been placed in key contact areas to help the GEL-CUMULUS® 22 shoe stand up to a ton miles.

FEATURES

FLYTEFOAM™ Propel technology in the midsole offers excellent bounce and toe-off

GEL-CUMULUS® 23

The GEL-CUMULUS® 23 trainer is now tailored with greater detail to match your running style all while keeping its smooth ride and soft cushioning that serve as the foundation of the shoe's design. With the addition of gender tailored technology, this shoe's engineered mesh pattern and 3D print holding areas wrap your foot anatomically for a more comfortable fit and feel.

To improve cushioning and flexibility, we have added a 3D cloud construction to the top layer of the midsole. This technology is implemented through a series of pillars that are specifically implemented within the FLYTEFOAM™ midsole to help runners appropriately compress the foam during the landing phase for a smoother ride with enhanced cushioning. Delivering better shock absorption during the landing of your stride, each midsole is designed separately to better match the compression rates for men and women.

These additions to the GEL-CUMULUS® series see the trusted franchise providing even more confidence on each run. Day after day, the GEL-CUMULUS® 23 shoe will offer soft cushioning and a responsive stride as you fly through the miles.

FEATURES

GEL-KAYANO® 27

Enjoy luxurious comfort and exceptional support with the new GEL-KAYANO® 27 running shoe. A new breathable upper mesh helps keep runners cool, while the sole is more flexible to promote a more natural roll through the gait cycle. This starts in the heel with added flex grooves that isolate initial impact to force a softer, smoother feeling at foot strike.

At midstance, the foot should stop pronating and re-supinate for an efficient toe-off. To help this natural motion, we incorporate DUOMAX® technology to help support the foot and increase stability for runners whose feet roll inward too much (overpronate).

The midsole also integrates a gender-specific SPACE TRUSSTIC™ technology, which provides stability and reduces the overall weight to help promote a smoother transition from foot strike to toe-off. This added stability is complemented by deeper forefoot flex grooves for a smoother roll through toe-off, allowing the shoe to move exceptionally well with the foot.

Lastly, a large section of reflective materials in the rearfoot helps keep runners visible when running in low-light conditions. The GEL-KAYANO® 27 model an excellent choice for both competitive and noncompetitive runners looking for an everyday trainer that combines comfort with support.

GEL-KAYANO® 27

Enjoy luxurious comfort and exceptional support with the new GEL-KAYANO® 27 running shoe. A new breathable upper mesh helps keep runners cool, while the sole is more flexible to promote a more natural roll through the gait cycle. This starts in the heel with added flex grooves that isolate initial impact to force a softer, smoother feeling at foot strike.

At midstance, the foot should stop pronating and re-supinate for an efficient toe-off. To help this natural motion, we incorporate DUOMAX® technology to help support the foot and increase stability for runners whose feet roll inward too much (overpronate).

The midsole also integrates a gender-specific SPACE TRUSSTIC™ technology, which provides stability and reduces the overall weight to help promote a smoother transition from foot strike to toe-off. This added stability is complemented by deeper forefoot flex grooves for a smoother roll through toe-off, allowing the shoe to move exceptionally well with the foot.

Lastly, a large section of reflective materials in the rearfoot helps keep runners visible when running in low-light conditions. The GEL-KAYANO® 27 model an excellent choice for both competitive and noncompetitive runners looking for an everyday trainer that combines comfort with support.

FEATURES

GEL-KAYANO® 27 LITE-SHOW™

Enjoy excellent comfort and advanced support with the GEL-KAYANO® 27 LITE-SHOW™ running shoe. The redesigned mesh upper helps keep feet cool, while sole flexibility is enhanced to help promote a more natural roll through the gait cycle. This offering also incorporates reflective accents throughout the design, which allow you to stay more visible in low-light conditions.

At midstance, the foot should stop pronating and re-supinate for an efficient toe-off. To help this natural motion, we incorporate DYNAMIC DUOMAX® technology to help support the foot and increase stability for runners whose feet roll inward too much (overpronate).

The midsole also integrates SPACE TRUSSTIC™ technology, which provides stability and reduces the overall weight to help promote a smoother transition from footstrike to toe-off. This added stability is complemented by deeper forefoot flex grooves for a smoother roll through toe-off, allowing the shoe to move more naturally with the foot.

The GEL-KAYANO® 27 LITE-SHOW™ model is an excellent choice for both competitive and non-competitive runners looking for an everyday trainer that combines comfort with support.

GT-2000® 9

For nearly 30 years, the GT-2000® series has been the stability shoe of choice for various sorts of runners, ranging from casual weekend warriors to top marathon finishers. If you're looking for a lightweight, cushioned running shoe to help support your foot, the GT-2000® 9 model is an excellent choice.

The fit of the ninth incarnation of the GT-2000® running shoe has been improved with a one-piece mesh construction for an improved fit over the top of the foot. This new upper material has been reinforced in key areas for added support as the foot rolls through the gait cycle.

This added stability comes from three different technologies that support the foot while setting it up for an efficient toe-off.

FEATURES

One-piece mesh construction for an improved forefoot fit and targeted support

Rearfoot and forefoot **GEL®** technology provides increased shock and impact absorption where you need it the most

FLYTEFOAM™ technology midsole material is lighter and more durable than traditional midsole foams

GT-1000® 10

The 10th anniversary of the ASICS GT-1000® running shoe takes a big step forward in what this model stands for. The previous edition set the stage in providing intrinsic value with the midsole, allowing this update to focus on the upper.

The upper has been reimagined to provide a richness never before seen in a GT-1000® shoe. With the addition of an engineered mesh construction and an integrated support system, the GT-1000® 10 (Extra Wide) model is in a class of its own. In addition to these new features, runners will also experience GEL® technology cushioning and a lightweight FLYTEFOAM™ midsole to improve the cushioning in your step as you fly through the miles.

FEATURES

- FLYTEFOAM™ technology cushioning
- Rearfoot GEL® technology cushioning
- DUOMAX® technology
- AHARPLUS™ heel plug improves durability

COMPETE

GEL-DS TRAINER™ 26

The GEL-DS TRAINER™ 26 running shoe is an excellent choice for runners who want to go fast. The shoe helps you achieve those running goals with a great fit around the midfoot and lightweight FLYTEFOAM™ technology in the midsole for a snappy response.

Updated with a soft and flexible knit upper, this innovation helps the shoe move more naturally with the runner's foot. The PROPULSION TRUSSTIC™ technology in the outsole mirrors the foot's ligaments, creating a powerful lever to propel your stride. GEL® technology cushioning improves shock absorption during the landing phase of your stride, while the full-ground contact design of the outsole formulates a smooth transition from footstrike to toe-off.

FEATURES

FLYTEFOAM™ technology cushioning

HYPER SPEED™

The HYPER SPEED™ shoe is a lightweight and smooth racing flat that incorporates philosophies found in our MAGIC SPEED™ shoe. This modern flat is ready to tackle a range of distances and get you to the finish line faster all while using less energy than our previous iterations.

The exaggerated toe spring and higher stack height are combined to help provide energy saving benefits for your tempo workouts or races. Additionally, the lightweight and breathable mesh upper will help keep you cool and dry. This racing flat features a versatile design that's functional for someone looking to run fast without breaking the bank.

FEATURES

Mesh upper

GUIDESOLE™ technology inspiration helps conserve energy

BLAST FF™

NOVABLAST™

The NOVABLAST™ shoe is recommended for neutral runners seeking a responsive running experience. This lightweight design includes our new FLYTEFOAM™ Blast midsole technology for an energetic bounce with each stride.

The outsole of the NOVABLAST™ has been designed to accentuate the energized feeling of the FLYTEFOAM™ Blast technology, creating a trampoline effect that propels you forward. The NOVABLAST™ model is higher off the ground than most running styles, promoting improved comfort over long distances.

The shoe's soft and lightweight mesh upper delivers excellent airflow, keeping your feet cooler and fresher throughout your run. Part of our GLITCH pack, this shoe is accented with angular graphics on the upper and a series of gradient fades throughout. Additionally, reflective details provide extra visibility in low-light conditions.

Put a bounce in your step with the NOVABLAST™ performance running shoe and experience a soft, lightweight ride.

FEATURES

FLYTEFOAM™ Blast technology cushioning

Reflective accents help improve visibility

DYNABLAST™

The DYNABLAST™ running shoe comfortably locks the shoe around the foot like a gentle hug. This design means there are fewer layers of material, resulting in a light, breathable upper. The upper, combined with a responsive underfoot ride, makes this new DYNABLAST™ style feel springy and energetic. It's recommend for runners who want a fun underfoot experience in their training.

This shoe offers an energetic ride that stems from the one-piece FLYTEFOAM Blast™ technology midsole. This new foam's springy softness is complemented by a midsole design that provides a trampoline-like effect as you run. The foam and the sole design combine to give this shoe a great ride from foot strike to toe-off and is complement to any workout.

FEATURES

FLYTEFOAM BLAST™ technology in the midsole

Knit upper provides added support where its needed throughout the forefoot

Underfoot cutouts work with the midsole foam to provide an excellent bounce

ROADBLAST™

Redefine your running boundaries with the ROADBLAST™ performance running shoe. Equipped with technical components to deliver a more responsive bounce and lasting comfort, this shoe is a functional accessory to help you beat your best time.

Featuring a gender-specific knit pattern that takes on the natural splay of men's and women's foot shapes, this shoe is lightweight and breathable to keep feet comfortable during running workouts.

Introducing a blend of FLYTEFOAM BLAST™ and AMPLIFOAM™ technologies in the midsole structure to help produce a bouncy energy return, this shoe also helps generate lasting comfort. Additionally, the outsole is strategically placed to work with the shape of the midsole to improve propulsion and help create a trampoline effect within your stride.

Combining responsive midsole technologies with specially formulated knit patterns, ROADBLAST™ shoe is made to offer comfort and speed throughout your run training objectives.

VERSABLAST™

The new, lightweight VERSABLAST™ model is built to provide excellent underfoot comfort whether you're on the run or at the gym. The upper's half-bootie design promotes a great fit and all-day comfort. The plush underfoot feel comes from midsole foam that has a generous. This springy foam creates a seriously plush ride.

The outsole design of this shoe minimizes weight while still remaining durable thanks to the rubber placed in high-wear areas. If you're looking for a shoe with a great fit and streamlined aesthetic, the VERSABLAST™ model is for you.

GEL-EXCITE™ 8

The GEL-EXCITE™ 8 running shoe is a versatile pair for the runner on the go. A newly updated silhouette gives this shoe a younger and faster look. This style offers enhanced comfort, with rearfoot GEL® technology cushioning, a new AMPLIFOAM™ midsole, and an ORTHOLITE™ sockliner all combining for a soft and comfy feeling underfoot.

Additionally, the new last is paired with a molded heel section that keeps your foot more centered on the shoe's platform—offering an even better fit than the previous shoe in the series. Overall, the GEL-EXCITE™ 8 provides excellent comfort whether you are running five miles or running errands around town.

PATRIOT™ 12

Designed to help runners go further, the PATRIOT™ 12 performance road running shoe features an AMPLIFOAM™ midsole for a bouncy and cushioned underfoot feeling.

This shoe is complemented with a breathable mesh upper to promote better airflow and help feet stay cooler over the course of your run.

Complemented with AMPLIFOAM™ technology in the midsole to assist in supplying a spring-loaded response and shock reduction between each stride. An excellent durability offering, the integration of a moulded rubber outsole delivers additional support that stems from the internal heel counter to help the feet stay aligned over long distances.

FEATURES

AMPLIFOAM™ technology in the midsole

GEL-CONTEND™ 7

The GEL-CONTEND™ 7 running shoe provides excellent cushioning and support for runners and anyone with an active lifestyle. Its traditional construction offers a more neutral fit that rests on a stable foundation. The reliable cushioning stems from rearfoot GEL® technology, an AMPLIFOAM™ midsole, and an ORTHOLITE™ sockliner that come together for improved comfort. Additionally, a solid rubber outsole and stitched-down toe reinforcement increases durability while the breathable athletic mesh offers better airflow.

FEATURES

GEL® technology cushioning

GUIDANCE LINE™ technology improves gait efficiency

Flex grooves in the outsole improve flexibility

JOLT™ 3

Run and walk in comfort with the new JOLT™ 3 shoe. This shoe combines a soft E.V.A midsole with a solid rubber outsole for improved durability. Drawing inspiration from our longstanding GT series, this trainer offers classic styling and a great fit.

To make this edition even softer and move with your foot better on the run, we have engineered more flex grooves in the midsole and outsole. The upper is reinforced with stitch down overlays to keep your foot more secure on the platform. Lastly, a more accommodating forefoot fit and a soft ORTHOLITE™ sockliner will help keep you comfortable throughout the day.

FEATURES

Flexible mesh upper

Synthetic stitching on the overlays

TRAIL

TRABUCO™ MAX

GUIDESOLE™ technology is a sole construction that consists of a stiff forefoot and a responsive toe spring that's scientifically proven to save energy over the long run. Thanks to the reduced load placed on the limbs from footstrike to toe-off, this technology gives trail runners more potential to run further as they'll use less energy to cover the same distance.

Traction is a necessary component for running off-road, which is why we have incorporated ASICSGRIP™ technology in the outsole. This rubber compound is functional for providing traction, especially amongst wet and slippery conditions. Incorporated into the ASICSGRIP™ outsole, we applied an uphill and downhill lug pattern for improved agility when navigating varying topography.

We also wanted to provide advanced comfort and cushioning for runners that are out on the trail for hours at a time. Adding 28mm of FLYTEFOAM™ technology under the heel and 23mm under the forefoot, this shoe provides excellent cushioning. Because of the high stack height, stones and roots will be better absorbed by the midsole. The combination of a smooth forward rolling motion, improved cushioning, and better traction makes the Trabuco™ MAX shoe a great training partner for a variety of trail running workouts.

FEATURES

GUIDESOLE™ technology helps conserve energy

GEL-TRABUCO™ 9 G-TX

The GEL-Trabuco™ 9 G-TX shoe has been re-engineered from top to bottom to assert itself as an all-around trail pioneer. Durable and comfortable are the two terms that best describe this trail running shoe.

Its ruggedness comes from the lugged outsole pattern that's made from ASICSGRIP™ rubber. This rubber is excellent when covering a variety of terrain but is most functional in slippery trail conditions. The uphill and downhill lug pattern on the lateral and medial side of the shoe provide specific traction for undulating terrain.

The advanced comfort comes from the FLYTEFOAM™ midsole material coupled with GEL® technology cushioning in the heel. Up top, the more accommodating last improves the fit through the forefoot. Additionally, the updated version of our trail shoe is complemented with a GORE-TEX™ upper to help keep feet dry in wet conditions.

The GEL-TRABUCO™ 9 G-TX shoe is designed to help you fly through the trails with advanced traction both uphill and downhill, while the responsive midsole foam creates better propulsion throughout your off-road recon.

FEATURES

GORE-TEX™ upper to help repel water

GEL® technology cushioning

FUJITRABUCO™ LYTE

Trail runners who want a lightweight shoe with excellent grip will appreciate the FUJITRABUCO™ Lyte shoe from ASICS. This updated version has the flexibility and traction you need to speed through challenging terrain.

The new FUJITRABUCO™ Lyte model is even lighter than before because of the new lightweight FLYTEFOAM™ midsole. The ASICSGRIP™ outsole gives this shoe outstanding traction on wet rocks and is designed to have full contact with the ground keeping you stable on different surfaces. Great forefoot flex also makes it easier to adapt to uneven terrain.

The soft, comfortable upper feels great around the foot and has reinforcements for added protection. The heel tab makes it easy to pull the shoe on and off, while the improved toe-spring helps you transition smoothly from footstrike to toe-off.

Grippy and light with a design inspired by nature, the FUJITRABUCO™ Lyte shoe is recommended for runners who love to hit the trail.

GEL-SONOMA™ 6 G-TX

The GEL-SONOMA™ 6 G-TX running shoe is designed for the great outdoors. Taking inspiration from the ASICS trail running family, this shoe is a versatile offering that's functional for trail runs, light hiking, and other outdoor adventures. Additionally, the updated version of our trail shoe is complemented with a GORE-TEX™ upper to help keep feet dry in wet conditions.

Featuring a new last design, this model provides a more accommodating forefoot fit, while the wider toxbox allows toes to spread out. Underfoot comfort stems from a full-length AMPLIFOAM™ midsole and GEL® technology cushioning unit that's placed exactly where runners need impact absorption the most. To increase the softness with every step, we've included an ORTHOLITE™ sockliner for excellent comfort.

All of these comfort components are complemented by durable properties, such as the solid rubber outsole—making this shoe a versatile choice for the trails.

GEL-VENTURE™ 8

The GEL-VENTURE™ 8 running shoe is designed for the great outdoors. This versatile shoe is excellent for trail runs, light hiking or exploring a new city.

This model has been updated with a more accommodating forefoot fit, while reducing the amount of overlays around the forefoot without sacrificing durability.

Lastly, the outsole is more durable with a traction pattern that's been improved with re-engineered lugs under the heel. All of these updates make the new GEL-VENTURE™ 8 shoe a recommended companion for your next adventure.

FEATURES

GEL® technology to offer a cushioned underfoot

Re-engineered lugs in the outsole for better traction on off-road surfaces

TRAIL SCOUT™

The versatile TRAIL SCOUT™ running shoe features a multi-surface grip technology to help you take on tough outdoor terrains. The updated version of this trail style is complemented with a wide fit for runners who require more width in their footwear.

This shoe features a mesh upper for added ventilation and a removable sockliner for effective moisture management. Extra support is delivered from the no-sew midfoot panel, which centers the foot down on the platform for better stability.

Added balance is provided by the internal heel counter, which holds your foot in position, so you can experience a more confident stride.

From its resilient outsole to its comfy underfoot feel, TRAIL SCOUT™ simple yet effective performance running shoe is an essential part of any trail runner's gear.

KIDS

GT-1000® 10

Built with a durable design to handle kids' everyday activities that span from the school yard to the playground, the GT-1000® GS (Grade School) shoe seeks inspiration from our performance running line.

Formed with a mesh upper construction, this shoe helps improve airflow to keep feet cool, while the removable sockliner is accented with a printed toe line so that kids and parents can check to confirm that the shoes are the right size.

The midsole unit is layered with a combination of E.V.A foam and GEL® technology cushioning that delivers a more responsive stride and improved shock absorption. Additionally, the outsole is paired with a stitched toe rubber and a solid rubber compound for improved durability.

GEL-NOOSA™ TRI 13

Drawing design cues from our flagship triathlon shoe, the GEL-NOOSA™ TRI 13 GS (Grade School) style channels the same energetic colour blocking, along with a technical design and componentry.

Featuring a mesh upper to increase airflow that helps keep feet cool, this shoe's vibrant colourway is combined with a series of bold "NOOSA™" graphics.

Injected with improved comfort in the midsole, thanks to the E.V.A midsole foam and increased flexibility in the forefoot, this shoe also incorporates a stitched toe rubber and rubber outsole compound for improved durability.

GEL-EXCITE™ 8 GS

Restructuring the aesthetic of the GEL-EXCITE™ 8 GS (Grade School) shoe, this offering takes on design inspiration from our GEL-CUMULUS® 23 style from our performance running line. Additionally this style provides a wide fit for young feet that require more room in their footwear.

Featuring a mesh upper with a fun pattern throughout, this shoe offers excellent breathability with fewer overlays to help reduce irritation in the forefoot. The E.V.A technology in the midsole offers excellent comfort and a responsive stride, while the full rubber outsole and stitched toe rubber deliver improved durability.

GEL-VENTURE™ 8

The GEL-VENTURE™ 8 GS shoe draws inspirations from our performance trail running offerings, like the GEL-FUJI TRABUCCO™ 8 style's upper and tooling. This GS (Grade School) offering is a kid's specific style that's designed to help promote outdoor protection, featuring a layered stitch down construction and reinforced toe panelling for excellent comfort.

This shoe has also been designed with a multi-surface grip that incorporates a lugged outsole pattern for better traction on an array of terrains.

The GEL-VENTURE™ 8 PS running shoe is designed for your little one to wear in the great outdoors. This model has been updated with a more accommodating forefoot fit, while reducing the number of overlays around the forefoot without sacrificing durability.

Lastly, the outsole is more durable, with a traction pattern that's been re-engineered with strategically placed lugs under the heel. These updates make the new GEL-VENTURE™ 8 PS shoe an excellent companion for your little one's outdoor adventures.

FEATURES

GEL® technology to offer a cushioned underfoot

Re-engineered lugs in the outsole for better traction on off-road surfaces

HYPERSPRINT™ 7

Prepare to beat those personal bests with the HYPERSPRINT™ 7 track & field shoe by ASICS, carefully engineered for both male and female short-distance sprinters.

This lightweight shoe has been made to allow you to reach top speeds, so lace up and feel the wind whipping through your hair.

Combine this with the resin plate that improves propulsion and grip, and you've got everything you need for high velocity sprints without the fear of slipping. No-slip films have been carefully placed for an extra level of reinforcement and a appropriate fit in the upper, so this sturdy shoe will see you through many events and training sessions to come. There's also an E.V.A sockliner for a flexible fit and extra support where you need it.

The sleek and streamlined graphic keeps things stylish and emphasises the construction of this high-speed shoe. Hit the ground running and achieve your new personal best with this shoe for sprinters.

HYPER™ MD 7

The HYPER™ MD 7 unisex track & field shoe has been crafted to suit the needs of middle distance runners.

When you're working up a sweat, the HYPER™ MD 7 shoe works hard to keep your feet as fresh as possible, with its lightweight feel and open mesh structure to help the air flow. And with no-sew films in place as added reinforcement and to provide an appropriate fit in the upper, the shoe does not compromise on sturdy design and practicality.

The E.V.A midsole gives you great support underfoot, while the E.V.A sockliner is there for extra support and a flexible fit.

The HYPER™ MD 7 shoe is packed full of performance features to support you in your workout, and it's also a stylish addition to your track and field outfit. A striking, streamlined graphic gets you in the zone for your next big event or training session, so you're ready to take on anything.

HYPER™ LD 6

Beat those personal bests with the HYPER™ LD 6 track & field shoe by ASICS, an appropriate choice for both men and women athletes. It seamlessly blends support and comfort to allow you to go the distance and reach new levels.

Adopting a lightweight open mesh, this shoe has an open structure that allows air to pass through easily to ensure your feet stay fresh, no matter how far you're running. With added no-sew films, the HYPER™ LD 6 shoe has an improved, reinforced structure that provides durability and a secure fit.

The dual-density E.V.A midsole cushioning keeps you comfortable, while the E.V.A sockliner adds further support.

Performance meets style with the HYPER™ LD 6 track and field shoe, with a standout graphic for a sleek and streamlined appearance that gets you pumped up for your next game. Push your limits and reach record times with this shoe for track & field.

TENNIS
FOOTWEAR

COURT FF™ NOVAK

Novak Djokovic's signature COURT FF™ Novak limited model tennis shoe celebrates the city of Tokyo with a festive colour scheme. Additionally, this style is loaded with technical features that promote a blend of lightweight stability and cushioning. A combination of mesh and PU (polyurethane) panelling on the upper delivers an adaptable fit with better airflow and stability. Equipped with our PGUARD™ technology in the toe and medial angles, this application supports better protection when playing on hard court surfaces.

The shoe's FLYTEFOAM™ midsole delivers a more responsive step and premium underfoot comfort, while the strategic placement of GEL® technology in the forefoot and rearfoot delivers advanced cushioning during harsh landings. The rigidity of the midfoot TRUSSTIC™ technology increases stability when covering the court and reduces unnecessary twisting to help you stay locked into your swing.

Additionally, we've added a removable ORTHOLITE™ sockliner to improve the overall cushioning experience, while its moisture management properties keep feet comfortable throughout the match. Designed with greater durability, the AHAR® outsole is constructed with a hard-wearing rubber compound that resists breakdown against high-contact areas on court.

GEL-RESOLUTION™ 8

The GEL-RESOLUTION™ 8 tennis shoe promotes a responsive stride with a close-to-the-court feel.

The FLEXION FIT™ upper provides form-fitting support with the integration of DYNAWALL™ technology, which offers added midfoot stability during lateral movements and coast-to-coast coverage. Implementing a torque control feature in the heel counter, this shoe is also designed to help maintain a locked in feel during quick transitions.

Renowned for its signature GEL® technology in the heel and midfoot, this shoe significantly reduces the impact of shock from abrupt stop and go movements on court. Additionally, the model also incorporates an AHAR® compound in the outsole that works in conjunction with the PGUARD™ toe protector to increase traction on court, while reducing the overall level of wear.

Creating an accelerated response with a natural close-to-the-ground feel, the GEL-RESOLUTION™ 8 tennis shoe allows you to approach your matches on clay courts with confidence.

GEL-RESOLUTION™ 8 GS

The GEL-RESOLUTION™ 8 GS tennis shoe promotes a responsive stride with a close-to-the-court feel. This offering also features recycled materials with neutral hues on the upper that require less water, inks, and dyes for the colouring process.

The FLEXION FIT™ upper provides form-fitting support with the integration of DYNAWALL™ technology, which offers added midfoot stability during lateral movements. Additionally, the torque control feature in the heel counter is designed to help maintain a locked-in feel during quick transitions.

Featuring GEL® technology cushioning in the heel and forefoot, this shoe helps reduce the impact of shock from abrupt stop-and-go movements on the court. Additionally, we incorporated an AHAR® compound in the outsole that works in conjunction with the PGUARD™ toe protector to increase traction on court and reduce the overall level of wear.

Creating an accelerated response with a close-to-the-ground feel, the GEL-RESOLUTION™ 8 GS tennis shoe helps you approach your matches with confidence.

SOLUTION SPEED™ FF 2

The SOLUTION SPEED™ FF 2 model features a PU (polyurethane) application on the upper that helps generate better support, flexibility, and an improved fit. Implementing DYNAPWRAP™ technology into the eyeletstay, this application helps provide more stability in the forefoot during side-to-side movements.

TWISSTRUSS™ technology in the midsole assists players who are regularly moving from the baseline to the net by improving their cutting motions and quick transitions. Providing a faster acceleration period between stops to full-sprints; this shoe is excellent for athletes who want to get to the ball swiftly and have more time to plan their shot with plenty of pace.

Recognizing that the first step is usually the most important step during a point, we've also molded a new outsole design that offers better traction in the heel, forefoot and the toe section to help deliver faster forward transitions. Combining a responsive cushioning system with a more supportive upper and improved flexibility, the SOLUTION SPEED™ FF 2 shoe is an excellent choice for tennis athletes looking to expand their territory.

FEATURES

GEL-CHALLENGER™ 12

Take to the court in style with the men's GEL-CHALLENGER™ 12 tennis shoe by ASICS. Designed for recreational players, the shoe features under-laying support to help you dart from baseline to net and perform those skilled serves with ease.

The SOLYTE® midsole provides lightweight cushioning with excellent bounce-back and durability, while AHAR® plus outsole helps reduce the effects of wear. Under-laying support is provided by the GEL® technology in the fore and rearfoot, placed to increase stability when making quick, lateral movements.

TRUSSTIC SYSTEM™ technology increases grip and traction to prevent twisting and injury as you move, while the removable ORTHOLITE™ sockliner provides added rebound and effective moisture management.

With a bold design, the GEL-CHALLENGER™ 12 shoe will add colour to your tennis whites and make sure you stand out on the court.

GEL-GAME™ 8

Both durable and comfortable, the GEL-GAME™ 8 tennis shoe is versatile for the recreational athlete who's playing several times per week.

Featuring an open mesh design on the upper to improve airflow and keep feet cool, this shoe is complemented with synthetic leather overlays and a PU (polyurethane) film that offers improved stability when making abrupt transitions.

The TRUSSTIC™ technology in the midsole generates better stability on the court, while the new tooling combines an E.V.A midsole foam with GEL® technology cushioning in the forefoot to increase shock absorption.

Additionally, the improved outsole offers enhanced flexibility and a more durable design. Both breathable and supportive, the GEL-GAME™ 8 tennis shoe is an excellent choice for beginner to mid-level players seeking a cushioned and stable tennis shoe.

GEL-DEDICATE™ 6

Put in your most powerful performance on the court with the men's GEL-DEDICATE™ 6 tennis shoe by ASICS. Featuring advanced technologies, this shoe provides all the comfort and support you need from the first serve to match point.

The E.V.A midsole absorbs shock and increases rebound as you move around the court, while the E.V.A sockliner molds to the shape of your foot for an unrivalled feeling of comfort underfoot. It can also be removed to allow space for bespoke orthotics. GEL® technology in the forefoot provides cushioning and comfort even during the longest rallies, while the molded TRUSSTIC SYSTEM™ component under the midfoot area gives your feet extra stability and helps control torsion, allowing you to change direction at high speed.

The special lasting in the upper part of the shoe creates extra stability and comfort. With the comfortable and stylish GEL-DEDICATE™ 6 shoe in your tennis bag, you'll be ready to see off any competition on matchday or in training.

SKY ELITE™ FF

Feel the energy to return every shot with the men's SKY ELITE™ FF volleyball shoe by ASICS. Designed for indoor courts, its N.C. RUBBER™ outsole boasts high abrasion resistance and excellent grip, meaning you can make quick turns and jumps with ease. TRUSSTIC SYSTEM™ technology in the midfoot works to control twisting, while GEL® technology in the rear of the shoe provides shock absorption and cushioning. The midsole is made from FLUIDRIDE® technology meaning it contains lightweight fibres that bounce back into shape in the space of each stride to create adaptive cushioning underfoot.

An added layer of comfort comes from the mesh insole, while the ORTHOLITE™ sockliner provides extra cushioning and effective moisture management, so you don't need to worry about sweat even during the most intense matches. The sockliner is also removable, to allow space for your own orthotics if needed.

We've packed all this technology into a lightweight, streamlined shoe that's sure to become an essential part of your matchday collection.

NETBURNER BALLISTIC™ FF MT 2

The NETBURNER BALLISTIC™ FF MT 2 shoe evolves the GEL-NETBURNER™ lineage even further with advanced componentry that helps promote a more flexible fit and better durability.

Featuring a mid-top formation, this shoe is designed with ridges of polyurethane over the toes for added protection and durability while improving flexibility in the forefoot. The supportive internal heel counter helps deliver a locked-in feel to inspire confidence when making abrupt cuts on the court.

Injected with FLYTEFOAM™ Propel technology in the midsole, this shoe delivers a bouncy response with cushioned underfoot comfort. Designed to improve stability, the integration of TWISSTRUSS™ technology also provides athletes with more agility and speed during abrupt twisting or pivoting motions.

Equipped with deeper flex grooves in the outsole to increase traction on-court, the NETBURNER BALLISTIC™ FF MT 2 supplies technology that improves flexibility and durability.

FEATURES

BLAST FF™ 2

The BLAST FF™ 2 model is made for indoor court sports such as handball. It's an excellent choice for power players looking for advanced support and flexibility. They want their shoes to protect and support them in aggressive movements. This shoe improves upon its predecessor by helping maintain power during pivot and side-to-side movements. This update also has improved flexibility that's complemented with a protective, spring-loaded underfoot feel.

This shoe offers a supportive fit, thanks to the no-sew mesh application that promotes a customized feel by adapting to the foot's natural motion. The TRUSSTIC™ component helps stabilize the foot during side-to-side and turn back motions by wrapping the rear lateral portion of the midsole, simultaneously allowing smooth transitions in between each stride. This is complemented by DYNAPWRAP™ technology, composed of two supportive panels that run from the base of the laces and over the arch and midfoot to the midsole - wrapping the foot with a secure hold during abrupt turns or side-to-side movements.

Energized with FLYTEFOAM™ Propel technology in the midsole, this shoe allows better bounceback to deliver power transfer from one foot to the other on court. An excellent choice for power players looking for that magic combination of power, support, and advanced flexibility.

FEATURES

TRUSSTIC™ technology helps stabilize the foot during side-to-side and turn back motions

DYNAPWRAP™ technology wraps the foot with a secure hold during abrupt turns or side-to-side movements

COURT CONTROL™ FF 2 L.E.

The COURT CONTROL™ FF 2 shoe is an excellent choice for badminton players engaging in long rallies with a high jump and smash style of play. Featuring an energized colour palette, the CHALLENGE YOURSELF edition reflects an athlete's perseverance and their journey as a competitor.

An improved fit around the ankle helps players quickly shift directions, while the loop system in the eyelets increases midfoot support. Functional during multi-directional movements, the lateral wrap-up outsole is designed to offer excellent stability.

Thanks to the upper's PU (polyurethane) construction, this application offers a better fit with more support and flexibility. Additionally, the PGUARD™ in the medial forefoot increases durability and keeps the shoe from creating too much friction with the court.

Paired with GEL® technology in the heel to increase shock absorption, the COURT CONTROL™ FF 2 shoe is a recommended model for competitive badminton players with a baseline to net playing style.

GEL-BLADE™ 7

Cover the ground in style and comfort with the GEL-BLADE™ 7 squash and badminton shoe by ASICS, featuring an E.V.A midsole for bounce and cushioning.

The mesh insole and ORTHOLITE™ sockliner allow the foot to breathe as things heat up, while the shoe's TRUSSTIC SYSTEM™ technology gives you the stability and guidance you need to stay on top.

The GEL-BLADE™ 7 shoe's standard width accommodates a wide range of foot sizes, while the removable sockliner can be replaced with orthotics for those requiring further arch support. The AHAR® plus outsole is all about protection, lending a hardwearing quality to the design and minimizing scuffs as you slide across the court.

The GEL® technology to the rear provides comfort, cushioning your feet no matter how long you play.

GEL-ROCKET™ 9

The GEL-ROCKET™ 9 indoor court shoe blends amplified cushioning and a supportive design that implements a layer of GEL® technology in the heel for shock absorption and lasting comfort.

Our TRUSSTIC SYSTEM™ technology is added as a stability feature that keeps feet centered on top of the midsole - allowing you to make abrupt transitions on court with confidence.

The specialized lasting component provides additional support for multi-directional movements, while the sockliner molds to the shape of your foot for a personalized feel. This shoe's sockliner can also be removed to accommodate medical orthotics.

The GEL-ROCKET™ 9 shoe maximizes stability on court, while its innovative cushioning properties enable amplified comfort and an explosive stride.

GEL-ROCKET™ 10

A multi-purpose indoor court shoe, the GEL-ROCKET™ 10 offering continues to deliver excellent cushioning with improved stability and flexibility for a range of court athletes.

This shoe is designed with a flexible upper construction that can help feet bend more naturally and assist players in moving more freely. Additionally, this shoe also features synthetic leather overlays that improve support in the forefoot and help athletes make confident cuts.

Designed with a TPU TRUSSTIC™ application in the midsole, this application improves stability during quick transitions. Creating excellent comfort, the GEL® technology cushioning unit in the heel is functional for providing better shock absorption.

A wrap-up outsole and outrigger is a functional support component during side-to-side movements. In contrast, the heel wrap-up expands the contact area during the landing phase of your stride to help generate a smoother landing. Lastly, the flexible grooves in the outsole are complemented with a side grip design that improves flexibility on the court.

AGGRESSOR™ 4

Building upon its flagship combination of durability and advanced grip, the AGGRESSOR™ 4 Tokyo features a limited model colour scheme that's representative of Japan's symbolism of the colour red and its association with the sunrise.

Featuring a primarily suede upper construction that delivers excellent support throughout the match, this shoe is also complemented with a mesh tongue for better breathability to keep feet cool. Additionally, the shoelace garage allows the laces to stay concealed and keeping from coming untied.

Engineered with our RUBBER DUOSOLE® technology in the outsole, this component lightens the overall weight of the shoe while keeping promoting better traction on mat surfaces.

FEATURES

RUBBER DUOSOLE® technology in the outsole for lighter

Weight and better grip on mat surfaces

Shoelace garage that allows wrestlers to keep their laces concealed

MATCONTROL™ 2

Designed for wrestlers seeking a shoe that offers a blend of support and durability, the MATCONTROL™ 2 wrestling model is a versatile offering that transitions from practice to matches, as well as the weight room.

Built with reliable flexibility in mind, this shoe features a flexible upper construction that moves with the natural motion of the foot without sacrificing support. Complemented with a shoelace garage in the eyestay, this component helps laces to stay tucked and tied during matches.

Functional for improving traction on mat surfaces, the MATCONTROL™ 2 shoe also incorporates Flexion grooves in the outsole to help generate more flexibility and stability.

FEATURES

Flexion grooves in the outsole to generate more flexibility and stability

Shoelace garage to help keep laces concealed when wrestling

SNAPDOWN™ 3

The unisex SNAPDOWN™ 2 wrestling shoe is a competitive mid-level model from ASICS, made for those searching for quality and comfort. The full-length outsole is designed with wrestling-specific Serradial Traction Pods, which create improved flexibility and grip. The upper is made from single-layer mesh and synthetic suede, enhancing ventilation and flexibility.

This shoe might be technologically advanced, but it doesn't overlook the fundamentals. It boasts a great fit and complies with wrestling lacing rules. Lightweight and versatile, the SNAPDOWN™ 2 shoe is easy to wear and as an extra bonus, it looks so good you can take on any opponent in comfort and confidence.

FEATURES

Kimono inspired tongue design to promote a better foothold

Shoelace garage to keep laces concealed while wrestling

Mesh underlays to deliver excellent airflow

MATFLEX™ 6

Built to provide you with confidence on the mat, the ASICS unisex MATFLEX™ 6 wrestling shoe is a must-have for wrestling professionals from all backgrounds.

When you're striving to make it to the end of the match and hopefully walk away with the win, you'll need to know that your wrestling shoes will help you go the distance. The great news is that the MATFLEX™ 6 has been equipped with a California lasting for superior durability. The mesh insole also works to keep you comfortable as you push yourself (and your opponent). It allows fresh air to circulate and refresh the skin, keeping uncomfortable dampness at bay. Furthermore, an E.V.A sockliner ensconces the foot in unrivalled support, giving you that second wind that you need to gain the upper hand.

Comfort, stability and durability. The ASICS unisex MATFLEX™ 6 wrestling shoe has it all.

GEL-QUANTUM 90™ 3

Inspired by the evolving design language of the GEL-QUANTUM 360™ 6 sneakers, the GEL-QUANTUM 90™ 3 silhouette appears with a multi-layered application that resembles the transparency trends in designer fashion and accessories.

Constructed with a combination of leather overlays and textured mesh paneling, this shoe is also structured with pull tabs on the heel and tongue to match the silhouette's tech-focused aesthetic.

Drawing design references from the functionality of our performance running lineage, the GEL-QUANTUM 90™ 3 also incorporates 90 degrees of GEL® technology cushioning in the heel for advanced comfort.

LYTE CLASSIC™

Building off the aesthetic of the GEL-LYTE™ III sneaker, the LYTE CLASSIC™ shoe is formed with heritage details that pay homage to the ASICS archive.

Complete with retro ASICS branding on the tongue and heel, this shoe is constructed with a suede and mesh makeup that implements perforated accents along the toe overlays.

Simplified with an E.V.A midsole construction, this sneaker is made to promote lasting comfort and support.

Referencing recognizable details from the ASICS heritage, the LYTE CLASSIC™ sneaker emerges as a new silhouette with an urban appeal.

TIGER RUNNER®

Borrowing key design elements from the retro TARTHER™ sneaker, the TIGER RUNNER® shoe replicates the look of jogging footwear that was popular in the 80s with a refined twist.

Formulated with an 80s inspired racing flat design, this shoe's simple formation blends synthetic suede and mesh paneling on the upper with a low-profile midsole that's cushioned and comfortable.

Formed with heritage components inspired by the jogging craze in the 20th century, the TIGER RUNNER® shoe pays homage to archived ASICS classics with timeless designs.

SKYCOURT™

The SKYCOURT™ sneaker borrows design influence from our indoor court offerings from the 80s and 90s. Revamping the archived inspiration with modern tooling, this shoe is also equipped with minimal branding for a low-profile finish.

Enlisting the upper aesthetic from the GEL-ALTITUDE™ volleyball shoe from 1990, the sneaker's leather construction is also complemented with retro ASICS Stripes branding for a nostalgic nod that references our past.

Featuring an updated midsole design that incorporates the same cupsole tooling as our JAPAN S™ sneaker, this silhouette has been reimagined with a minimalist aesthetic that speaks to our brand's heritage with a timeless design.

JAPAN S™

The JAPAN S™ shoes are based on one of our throwback offerings from 1981. This reworked iteration is formed with a low-top silhouette that's complete with a court-inspired toe box and denim accents that appear on the heel and ASICS Stripes logo.

Updated with a lightweight design that features a modified cupsole tooling, this shoe is enhanced with premium comfort and improved cushioning. Mimicking the aesthetic of a retro basketball sneaker, this heritage style is also paired with nostalgic ASICS branding, like the tiger stripes on the quarter-panels and "ASICS" lettering at the heel.

The JAPAN S™ shoe's vintage basketball aesthetic is paired with iconic court-specific details that are inspired by footwear worn on the hardwood by basketball players in the 80s.

CLASSIC CT™

Paying tribute to heritage tennis influences, the CLASSIC CT™ sneaker appears with a low-profile design and familiar court details.

This throwback style is designed with a low-profile upper that's accented with our ASICS Stripes branding at the sides.

Elevating the look of nostalgic court offerings, the CLASSIC CT™ sneaker stays true to the era's authentic tennis roots and design nuances with refined material offerings that continue to win in street style.

TECHNOLOGY LEGEND

2D GUIDESOLE™ Technology

Deeply carved GUIDANCE LINETM technology encouraging continuum of momentum from heel strike to propulsion.

AHAR® Technology

ASICS High Abrasion Resistant rubber on the outsole. Helps cut down on excessive wear.

AHARPLUS™ Technology

AHARPLUS™ is an advanced outsole material with virtually the same lightness and grip properties as ASICS' conventional rubber, with the advantage of being three times more durable.

AMPLIFOAM™ MIDSOLE

ASICS proprietary EVA midsole material for soft cushioning at a lower density.

ANTI-GRAVEL TONGUE

Gusseted construction prevents debris from entering the shoe.

BLOWN RUBBER

A softer and lighter outsole material delivering a plush ride, flexibility and overall comfort.

BUNION WINDOW

Soft synthetic area on the medial forefoot, reducing the risk of irritation.

DUOMAX® Technology

A dual-density midsole system positioned to enhance support and stability.

DUOSOLE® Technology

Outsole construction offering lightweight and flexible traction durability.

DYNAMIC DUOMAX™ Technology

An upgrade of the current DUOMAX® system by distributing local pressure proportionally to increase stability while providing improved comfort.

DYNAMIC FOREFOOT CRADLE

Reinforced EVA component contoured to provide medial stability to the forefoot.

DYNAWALL™ Technology

Reinforced wall providing increased stability during high intensity lateral movements.

ENGINEERED MESH

A technical mesh material that stretches in multiple directions, creating a glove, "snug like" fit that provides a unique balance of comfort and fit.

EXTENDED DUOMAX® Technology

Extended DUOMAX® to provide maximum support and stability.

EXTERNAL HEEL CLUTCH

An external heel counter delivering better overall fit.

FLYTEFOAM™ Blast Technology

The addition of elastomers, in combination with our proprietary blend of EVA and resin delivers an energetic and bouncy ride.

FLYTEFOAM™ TECHNOLOGY

Its organic fibres bounce back into its original shape in the space of each stride to provide perfect cushioning from the start of your run to the finish.

FLYTEFOAM™ Propel Technology

An energetic foam formulation delivering supreme bounceback characteristics.

GEL® Technology

Shock absorbing material placed in midsole of shoe. Shape of units designed for special function.

GENDER-SPECIFIC CUSHIONING

Softer density used in the midsole material of women's models to cater for the lighter body weight generally seen in females.

GENDER-SPECIFIC TRUSSTIC™ Technology

Specially designed TRUSSTIC™ technology to cater for biomechanical differences in gender.

GUIDANCE LINE™ Technology

Longitudinal groove that decouples tooling along the line of progression for enhanced gait efficiency.

GUIDANCE TRUSSTIC™ Technology

GUIDANCE TRUSSTIC™ technology combines ASICS' TRUSSTIC SYSTEM™ technology and GUIDANCE LINE™ construction to provide enhanced gait efficiency and structural integrity to the midfoot.

GUIDESOLE™ Technology

Provides shock absorbing landing zone lessening fatigue, whilst the curved design improves efficiency by reducing ankle flexion.

HEEL GRADIENT 10MM

ASICS' Football boot technology that shifts body mass forward - helping to reduce strain on lower limbs.

INNER LOCK LACING

Asymmetrical internal straps to secure foot to platform of shoe, improving fit and stability.

INTERNAL UPPER SUPPORT SYSTEM

An internal underlay which encloses and secures the foot to the platform.

TECHNOLOGY LEGEND

LACE GARAGE

Pocket enabling laces to be tucked in and unexposed.

LATERAL FULL GROUND CONTACT

Provides stability through midfoot transition.

MEDIAL SUPPORT PANEL

Providing additional support in the upper keeping the foot secure on platform.

MEDIAL TRUSSTIC™ Technology

Reduces the weight of the sole unit while retaining the structural integrity of the shoe.

MULTI-FUNCTION CLEATS

Cleat Pattern that allows the boot to grip and then release in a rotational direction.

PGUARD™ Technology

Reinforced compound around the toebox providing increased durability and protection.

PLUS 3™ Technology

3mm of added height in the rearfoot of the midsole catering for the differences in gender.

PROPULSION TRUSSTIC™ Technology

Special hardened unit placed in forefoot for more efficient propulsion phase.

REMOVABLE SOCKLINER

Sockliners mould to the shape of the foot and can be removed to accommodate a medical orthotic.

REFLECTIVITY

Special reflective material which enhances visibility in poor light.

ROCK PROTECTION PLATE

Provides protection against stone bruises.

SEAMLESS CONSTRUCTION

The use of seamless materials reduces the potential for irritation and friction caused by traditional stitches and seams.

ORTHOLITE™ LASTING

ORTHOLITE™ lasting in various degrees of density to give either comfort or stability.

SOLYTE® MIDSOLE

Midsole material, lighter than ASICS standard EVA and SpEVA® lasting + improve cushioning & durability.

SPEVA® LASTING

SpEVA® lasting in various degrees of density to give either comfort or stability.

SPEVA® FOAM MIDSOLE

Lightweight bouncy midsole foam that delivers a great energetic ride underfoot.

TRUSSTIC™ Technology

Moulded compound under midfoot area. Provides a controlled and contoured midsole while improving arch support and torsion stability.

TWISTRUSS™ Technology

Improves arch support and torsion stability with dual-hardness system softer on lateral side.

TWIST GEL®

Strategically positioned GEL® Brand Technology unit placed under the forefoot for cushioning and also to assist with propulsion.

WATER RESISTANCE

Treatment on microscopic scale giving fabric water resistance or other performance characteristics.

2021 SALES POLICIES

ORDERS

All orders must be approved by ACA. Minimum order is \$ 150.00 or two units per call. Orders under \$ 150.00 or two units will carry a surcharge of \$ 10.00. The initial order for a new store or new customer is \$ 1500.00. Back Orders will be cancelled without notice 60 days from shipment date, unless specified by customer.

SALES CONDITIONS

Sales are FOB point of departure (Sherbrooke). Payment terms are NET 30 days from shipping date unless otherwise communicated from the ACA credit department. Payment terms are subject to change without prior notice. Interest of 2% per month (24% per year) is charged on all overdue accounts. Discounts will be cancelled if payment terms are not respected. Deductions from payments will not be allowed unless authorized. Prices are subject to change without prior notice. Orders are invoiced at prices prevailing at time of shipment except for booking program. Booking and repeat discounts apply on back orders. Invoice includes Government Sales Tax (GST) and Provincial Sales Taxes where applicable or Harmonized Sales Tax where in effect.

MISSING MERCHANDISE

All merchandise should be verified upon its arrival. Missing or defective merchandise should be reported directly to the transporter. ACA is not responsible for loss and damage caused in transportation. Missing merchandise in a carton caused by shipping must be reported to ACA customer service within 10 days of receipt of merchandise. Claims must include the invoice number and bill of lading number. Claims will not be accepted after 10 days.

RETURN POLICY AND CLAIMS

ACA reserves the right to approve authentic returns due to manufacturing defects, late shipment or other legitimate reasons. All returns must be authorized in advance by ACA. Accounts must request authorization to return merchandise to ACA. Upon approval, ACA will provide a Return Authorization Number (RA#) to box. Merchandise returned without a number will be refused. Collect shipments of returned merchandise will not be accepted. Freight must be prepaid by the dealer.

NEW MERCHANDISE

ACA reserves the right to charge a 20% restocking fee for all returns of non-defective merchandise. Collect shipments of returned merchandise will not be accepted. Freight must be prepaid by the dealer.

BOOKING ORDER

A booking order is an order which requests delivery 150 days or more after the order is received at ACA. The applicable discount is based on the Booking Program valid at the time the order is placed. To ensure complete delivery, the order must be submitted according to the deadline outlined on A.C.As Booking Program. Minimum of 5 pairs per SKU per delivery. Each booking order must be signed by the client or authorized personnel and should include a purchase order number.

REPEAT ORDER

A repeat order is an order which requests delivery 7 days or more after the order is received at ACA. The applicable discount is based on the Discount Program valid at the time the order is placed. To ensure complete delivery, each order must be signed by authorized personnel and should include a purchase order number.

ORDER CANCELLATION

Order cancellations must be completed a minimum of 35 days prior to the requested shipping date for booking orders and 5 days prior to the shipping date for Repeat orders. ACA reserves the right to affect the customer discount as a result of cancellation.

ORDER ADJUSTMENTS

Any reduction of a booking order could result in booking discount to be cancelled. Size revision is not permitted unless authorized by ASICS CANADA CORP Sales Management. For further information, please contact your ASICS Sales Representative.

NO TRANSSHIPMENT

Retailer will sell ASICS products only to consumers who buy the products for their own needs and not for resale. The resale or transfer of products by Retailer to another Retailer or business is strictly prohibited, and in the event of such resale or transfer, ASICS may, in its absolute discretion upon written notice to Retailer, terminate account agreement or cancel all outstanding orders and withhold shipment of future orders of products to Retailer.

POLITIQUES DE VENTES 2020 COMMANDES

COMMANDES

Toutes les commandes doivent être approuvées par ACA. La commande minimum est de 150,00 \$ ou deux unités par appel. Les commandes de moins de 150,00 \$ ou deux unités entraîneront un supplément de 10 \$. La commande initiale d'un nouveau magasin ou d'un nouveau client est de 1500 \$. Les commandes les 60 jours suivant la date d'expédition, sauf indication contraire du client.

CONDITIONS DE VENTE

Toutes les ventes sont FOB à partir du point d'expédition. Les termes de paiement réguliers sont de NET 30 jours de la date d'expédition. Des frais mensuels de 2% (24% par année) sont ajoutés aux factures en souffrance. Un paiement en souffrance annule tout escompte. Aucune déduction de paiement ne sera acceptée à moins qu'un avis de crédit n'ait été émis à cet effet. Les prix peuvent changer sans préavis. Les marchandises sont facturées au prix courant à la date d'envoi, sauf pour les programmes de placement. L'escompte de placement et réapprovisionnement s'applique sur les articles en services (B/O). La taxe sur les produits et services (TPS) est incluse sur la facture. La taxe de vente provinciale est également incluse sur la facture en cas échéant. La taxe de vente harmonisée est appliquée dans les provinces où elle est en vigueur.

MARCHANDISE MANQUANTE

Les marchandises doivent être vérifiées et comptées dès leur arrivée chez le client. Tout article manquant ou endommagé doit être immédiatement noté sur le reçu de livraison et communiqué au transporteur. ACA ne se tient pas responsable des pertes ou des dommages causés au cours du transport. Tout article manquant dans une boîte fermée, causé par une erreur de triage de triage ou d'emballage, doit être signifié dans les 10 jours suivant la date de réception de la marchandise. Au-delà de cette période, aucune correction ne sera considérée. Toute réclamation doit être accompagnée des numéros de facturation et d'expédition.

POLITIQUE DE RETOURS & RÉCLAMATIONS

ACA se réserve la décision finale d'approbation de retours pour des produits défectueux, d'expéditions tardives ou toutes autres raisons légitimes. Le service à la clientèle d'ACA doit préalablement autoriser tout retour de marchandise selon la demande reçue par le détaillant. Après approbation, ACA émettra un numéro de retour (RA#) à inscrire clairement sur l'extérieur de la boîte à retourner. La marchandise retournée sans numéro de retour (RA#) ne sera pas acceptée. La marchandise doit être expédiée, port payé, par le détaillant.

MARCHANDISE NEUVE

ACA se réserve le droit de facturer 20% de frais de remise en tablette pour un retour de marchandise non-défectueuse. La marchandise doit être expédiée, port payé, par le détaillant sous contrainte de n'être acceptée du transporteur.

COMMANDE DE PLACEMENT (BOOKING)

Une commande de placement doit être reçue par ACA un minimum de 150 jours avant la date de livraison requise. L'escompte sera calculé selon le programme de placement en vigueur au moment de la commande. Pour assurer une livraison complète, la commande doit être placée selon l'échéancier prévu par ACA. Minimum de 5 paires par modèle par livraison. Toute commande de placement doit être signée par le client ou son employé autorisé et contenir un numéro de bon de commande. Une seule commande de placement par mois est permise par client.

COMMANDE RÉGULIÈRE (REPEAT)

Une commande régulière doit être reçue par ACA un minimum de 7 jours ouvrables avant la date de livraison requise. Toute commande régulière doit contenir un numéro de bon de commande (P.O.) émis par le client.

ANNULATION DE COMMANDE

Toute annulation de commande doit survenir 5 jours précédant la date de livraison pour une commande régulière, et 35 jours précédant la date de livraison pour une commande de placement. ACA se réserve le droit d'affecter l'escompte du client sur l'ensemble de ses commandes suite à une annulation.

MODIFICATION DE COMMANDE

Toute réduction de commande de placement pourrait entraîner l'annulation de l'escompte de placement. La révision de taille n'est pas permise sans l'autorisation de la direction des ventes de Corporation ASICS CANADA. Pour plus de renseignements, svp contacter votre représentant des ventes ASICS.

TRANSBORDEMENT INTERDIT

Le détaillant vendra les produits ASICS uniquement aux consommateurs qui les achètent pour leurs propres besoins et non pour les revendre. La revente ou le transfert de produits d'un détaillant à un autre détaillant ou à une autre entreprise est strictement interdite. Dans l'éventualité d'une telle revente ou d'un tel transfert, ASICS peut, selon sa discrétion et sur préavis écrit au détaillant fautif, résilier la convention du compte ou annuler toutes les commandes futures et retenir l'expédition des commandes en cours.
