LEGENDS

GEL-Nimbus® 22

Packed with technologies to improve the performance of neutral runners, the newest iteration of this iconic running shoe delivers soft cushioning and a responsive stride, featuring a softer GEL® cushioning unit in the heel for excellent shock absorption.

Improved forefoot GEL® technology further reduces the load on feet, while the FLYTEFOAM™ Propel technology in the midsole delivers more energetic ride. TRUSSTIC™ technology under the arch of the shoe, this thermoplastic piece provides stability, reduces weight, and helps extend the life of the shoe.

The lightweight, engineered mesh upper allows your feet to experience improved breathability, offering a supportive and adaptable fit. Designed with high mileage runners in mind, the GEL-NIMBUS® 22 shoe implements more foam in the midsole to reduce the severity of harsh impact. Additionally, a lightweight AHAR® outsole reduces the overall level of wear, allowing you to spend more time focusing on your running workouts.

Whether you're a seasoned pro or a beginner, the GEL-NIMBUS® 22 performance running shoe is designed to deliver soft cushioning and a more responsive stride.

FEATURES

GEL® technology to the forefoot
GEL® technology to the rearfoot
Soft, breathable upper
Engineered monofilament upper

FLYTEFOAM™ Propel technology to the midsole
Lightweight AHAR® outsole

GEL-CUMULUS® 22

The GEL-CUMULUS® 22 running shoe is a recommended choice for neutral runners who want a soft, flexible everyday trainer with a great fit. This update features a one-piece upper mesh that's combined with a seamless 3D print construction, which balances support and comfort around the foot - giving you an excellent fit right out of the box.

The FLYTEFOAM™ technology midsole is softer than the previous version to promote a pillowy ride. Under heel where the foot first hits the ground has been redesigned to better isolate impact. This new heel design has deeper forefoot flex grooves and a softer midsole foam to give you a plush ride.

A hard-wearing AHAR® plus rubber outsole compound has been placed in key contact areas to help the GEL-CUMULUS® 22 shoe stand up to a ton miles.

FEATURES

3D print upper that increases forefoot support and comfort

FLYTEFOAM™ Propel technology in the midsole offers excellent bounce and toe-off

AHAR® plus rubber outsole compound has been placed in key contact areas of the outsole to better resist wear

GEL-KAYANO™ 27

Enjoy luxurious comfort and exceptional support with the new GEL-KAYANO™ 27 running shoe. A new breathable upper mesh helps keep runners cool, while the sole is more flexible to promote a more natural roll through the gait cycle. This starts in the heel with added flex grooves that isolate initial impact to force a softer, smoother feeling at foot strike. At midstance, the foot should stop pronating and re-supinate for an efficient toe-off. To help this natural motion, we incorporate DUOMAX® technology to help support the foot and increase stability for runners whose feet roll inward too much (overpronate). The midsole also integrates a gender-specific SPACE TRUSSTIC™ technology, which provides stability and reduces the overall weight to help promote a smoother transition from foot strike to toe-off. This added stability is complemented by deeper forefoot flex grooves for a smoother roll through toe off, allowing the shoe to move exceptionally well with the foot. Lastly, a large section of reflective materials in the rearfoot helps keep runners visible when running in low-light conditions. The GEL-KAYANO™ 27 model an excellent choice for both competitive and noncompetitive runners looking for an everyday trainer that combines comfort with support.

GT-2000® 8

Promoting a lightweight ride, the GT-2000® 8 running shoe from ASICS is designed to provide appropriate comfort and protection for runners in seeking a performance stability shoe.

The GT-2000® 8 road running shoe features an updated GEL® technology piece and a softer section of foam in the heel for improved comfort and shock absorption. The lightweight FLYTEFOAM™ technology midsole offers a soft landing with each stride, so you can experience a more energetic stride.

The upper features a lightweight engineered mesh that allows better air circulation to keep your skin feeling dry and refreshed. Thanks to the combination of DYNAMIC DUOMAX® technology and TRUSSTIC SYSTEM™ technology in the midfoot, these applications keep your feet stable and supported.

GT-2000® 9

For nearly 30 years, the GT-2000™ series has been the stability shoe of choice for various sorts of runners, ranging from casual weekend warriors to top marathon finishers. If you're looking for a lightweight, cushioned running shoe to help support your foot, the GT-2000® 9 model is an excellent choice.

The fit of the ninth incarnation of the GT-2000™ running shoe has been improved with a one-piece mesh construction for an improved fit over the top of the foot. This new upper material has been reinforced in key areas for added support as the foot rolls through the gait cycle.

This added stability comes from three different technologies that support the foot while setting it up for an efficient toe-off.

FEATURES

One-piece mesh construction for an improved forefoot fit and targeted support
Rearfoot GEL® technology provides increased shock and impact absorption where you need it the most
FLYTEFOAM™ technology midsole material is lighter and more durable than traditional midsole foams

GT-1000® 9 G-TX

The GT-1000® 9 G-TX running shoe is the epitome of lightweight comfort that's also a functional style for runners seeking a stable and supportive ride. The updated version of this trail style is complemented with a wide fit for runners who require more width in their footwear.

A combination of FLYTEFOAM™ technology and GEL® technology are positioned closer to the ground and in the rearfoot to promote lightweight comfort while reducing the overall shock from impact. The outsole is also wrapped up to enhance arch support for runners who tend to overpronate excessively.

A contoured sockliner adds that extra comfortable finishing touch, molding itself to the unique shape of your foot while working in conjunction with a russel mesh upper to provide a structured and personalized fit.

Along with a host of advanced technical features to support you through the miles, the GT-1000® 9 G-TX running shoe also sports a new more breathable mesh and a versatile design that's easy to pair with your running gear.

GEL-DS TRAINER™ 25

The GEL-DS TRAINER™ 25 running shoe from ASICS is an excellent choice for runners who want to go fast. The shoe helps you achieve those running goals with a great fit around the midfoot and lightweight FLYTEFOAM™ technology in the midsole for a snappy response.

The PROPULSION TRUSSTIC™ technology in the shoe's outsole mirrors the foot's ligaments, creating a powerful lever to propel your stride. GEL® technology in the rearfoot also adds cushioning to reduce the severity of shock upon impact.

A specialized panel on the inside of the shoe helps provides a great overall fit, whiel the new contoured sockliner mirrors the natural shape of the foot to promote greater comfort. Additionally, the full ground contact design of the outsole formulates a smooth transition from foot strike to toe off.

Comfortable, powerful and light, the GEL-DS TRAINER™ 25 shoe has everything you need to pick up your pace.

BLAST FF™

NOVABLAST™

The NOVABLAST™ shoe by ASICS is for neutral runners seeking a responsive running experience. This lightweight design includes our new FLYTEFOAM BLAST™ midsole foam for an energetic bounce with each stride.

The outsole and midsole of the NOVABLAST™ shoe have been designed to accentuate the energized feeling of the FLYTEFOAM BLAST™ technology, creating a “trampoline” effect that propels you forward. The NOVABLAST™ shoe is higher off the ground than most running style, promoting lasting comfort over long distances.

The shoe’s soft, lightweight Jacquard mesh upper delivers excellent airflow, keeping your feet cool and fresh throughout your run. Additionally, reflective details provide extra visibility in low-light conditions.

Put a bounce in your step with the new NOVABLAST™ performance running shoe and experience a soft and lightweight ride.

DYNABLAST™

The DYNABLAST™ running shoe comfortably locks the shoe around the foot like a gentle hug. This design means there are fewer layers of material, resulting in a light, breathable upper. The upper, combined with a responsive underfoot ride, makes this new DYNABLAST™ style feel springy and energetic. It's recommend for runners who want a fun underfoot experience in their training.

This shoe offers an energetic ride that stems from the one-piece FLYTEFOAM Blast™ technology midsole. This new foam's springy softness is complemented by a midsole design that provides a trampoline-like effect as you run. The foam and the sole design combine to give this shoe a great ride from foot strike to toe-off and is complement to any workout.

FEATURES

FLYTEFOAM BLAST™ technology in the midsole
Knit upper provides added support where its needed throughout the forefoot
Underfoot cutouts work with the midsole foam to provide an excellent bounce

ROADBLAST™

Redefine your running boundaries with the ROADBLAST™ performance running shoe. Equipped with technical components to deliver a more responsive bounce and lasting comfort, this shoe is a functional accessory to help you beat your best time.

Featuring a gender specific knit pattern that takes on the natural splay of men's and women's foot shapes, this shoe is lightweight and breathable to keep feet comfortable during running workouts.

Introducing a blend of FLYTEFOAM BLAST™ and AMPLIFOAM™ technologies in the midsole structure to help produce a bouncy energy return, this shoe also helps generate lasting comfort. Additionally, the outsole is strategically placed to work with the shape of the midsole to improve propulsion and help create a trampoline effect within your stride.

Combining responsive midsole technologies with specially formulated knit patterns, ROADBLAST™ shoe is made to offer comfort and speed throughout your run training objectives.

VERSABLAST™

The new, lightweight VERSABLAST™ model is built to provide excellent underfoot comfort whether you're on the run or at the gym.

The upper's half-bootie design promotes a great fit and all-day comfort. The plush underfoot feel comes from midsole foam that has a generous. This springy foam creates a seriously plush ride.

The outsole design of this shoe minimizes weight while still remaining durable thanks to the rubber placed in high-wear areas. If you're looking for a shoe with a great fit and streamlined aesthetic, the VERSABLAST™ model is for you.

FEATURES

INJECTION midsole technology creates a "trampoline" effect that propels you forward

Reflective details provide extra visibility in low-light conditions

GEL-KUMO™ LYTE

Experience advanced running shoe technology with the GEL-KUMO™ LYTE Twist running shoe from ASICS. The updated version of this trail style is complemented with a wide fit for runners who require more width in their footwear. Enjoy premium comfort underfoot, thanks to the GEL® technology under the heel. A lightweight midsole foam also works strategically with the joints in your feet for a more flexible and tactile ride.

A molded sockliner is contoured to better match the natural shape of your foot, while the full underfoot rubber better resists wear while delivering stronger propulsion. The support panel in the midfoot also increases stability and helps prevent your feet from twisting, keeping them centered on top of the midsole platform.

With a trendy design thrown in the mix, GEL-KUMO™ LYTE Twist running shoe has you covered when it comes to comfort, style and stability.

FEATURES
Molded sockliner is contoured to better match the natural shape of your foot

GEL-EXCITE™ 7

The GEL-EXCITE™ 7 running shoe is a lightweight offering that introduces an improved fit in the forefoot to generate prolonged comfort no matter the distance.

Designed with a technical mesh upper, the GEL-EXCITE™ 7 running shoe delivers excellent airflow throughout the interior to keep feet cool during a run. This style implements an ORTHOLITE™ sockliner in the footbed to maintain a lightweight feel that also helps keep feet dry and comfortable.

The AMPLIFOAM™ application in the midsole works in conjunction with GEL® technology to offer a cushioned underfoot that injects a stronger rebound into your stride.

Versatile for runners looking for a shoe that excels in comfort and response, the GEL-EXCITE™ 7 model is a recommended selection for those who want to keep things simple.

TRAIL

GEL-FUJITRABUCO™ SKY

If you want to run fast off-road, the lightweight GEL-FUJITRABUCO™ SKY trail shoe is for you. Developed with three-time UTMB winner Xavier Thevenard, this shoe's design approach focused on weight and drainage. It has a flexible plate under the forefoot, allowing runners to move quickly over rough rock- and root-strewn trails.

The upper is reinforced along the base of the shoe to help keep trail debris from entering the interior. Finally, the GEL-FUJITRABUCO™ SKY trail model features elastic laces for added comfort and easy adjustments on the fly.

A key design element is the placement of small holes in the sole and sockliner, which use the natural motion of the foot to push water quickly and efficiently out of the shoe and away from the foot. The outsole features a trail-specific traction pattern with lugs precisely oriented on the medial side for the uphill and under the heel and lateral side for the descents. The outsole rubber formulation is also specifically designed to grip wet trail surfaces.

FEATURES

- Small holes in the sole and sockliner, which use the natural motion of the foot to push water quickly
- Outsole features trail-specific lugs for better traction on off-road surfaces
- GEL® technology to offer a cushioned underfoot

GEL-VENTURE™ 8 MT

The GEL-VENTURE™ 8 MT (Mid-Top) running shoe is designed for the great outdoors. This version offers added ankle support that makes it an excellent choice for those seeking lasting stability.

This model has been updated with a more accommodating forefoot fit, while reducing the amount of overlays around the forefoot without sacrificing durability.

Lastly, the outsole is also more durable, incorporating a traction pattern that's been enhanced with re-engineered lugs under the heel. All of these updates make the new GEL-VENTURE™ 8 MT shoe an excellent companion for your next adventure.

- FEATURES**
 - Mid-cut design for increased ankle support conditions
 - GEL® technology to offer a cushioned underfoot
 - Re-engineered lugs in the outsole for better traction on off-road surfaces

GEL-VENTURE™ 7

Take on the toughest terrain in confidence with the men's GEL-VENTURE™ 7 performance trail running shoe by ASICS. Featuring GEL® technology and an EVA midsole, this shoe is made for athletes who love to run in the great outdoors. GEL® technology in the rearfoot area of the shoe provides shock absorption where you need it most, while the ORTHOLITE™ sockliner provides an additional layer of cushioning underfoot. It even moulds to the shape of your feet, making each run even more comfortable than the last.

Extra support comes from the sturdy upper crafted from synthetic leather, while the internal heel counter gently helps your foot remain in its natural line of motion, making for a more efficient stride. Meanwhile the EVA midsole protects your feet against impact and increases rebound, giving you an energetic feeling as you clock up the miles.

Durable and practical, the GEL-VENTURE™ 7 shoe makes an excellent training partner whether you're new to trail running or a seasoned pro.

A pair of red Asics tennis shoes with orange laces is positioned on a blue tennis court. A white line runs vertically through the center of the frame, passing between the two shoes. In the background, a tennis net is visible, slightly out of focus. The overall lighting is soft, suggesting an overcast day or late afternoon.

TENNIS FOOTWEAR

COURT FF™ NOVAK

Novak Djokovic's signature COURT FF™ Novak limited model tennis shoe celebrates the city of Tokyo with a festive colour scheme. Additionally, this style is loaded with technical features that promote a blend of lightweight stability and cushioning. A combination of mesh and TPU paneling on the upper deliver an adaptable fit with better airflow and stability. Equipped with our PGUARD™ technology in the toe and medial angles, this application supports better protection when playing on hard court surfaces.

The shoe's FLYTEFOAM™ midsole delivers a more responsive step and premium underfoot comfort, while the strategic placement of GEL® technology in the forefoot and rearfoot delivers advanced cushioning during harsh landings. The rigidity of the midfoot TRUSSTIC SYSTEM™ increases stability when covering the court and reduces unnecessary twisting to help you stay locked into your swing.

Additionally, we've added a removable ORTHOLITE™ sockliner to improve the overall cushioning experience, while its moisture management properties keep feet comfortable throughout the match. Designed with greater durability, the AHAR® outsole is constructed with a hard-wearing rubber compound that resists breakdown against high-contact areas on court.

FEATURES

- TPU paneling on the upper delivers an adaptable fit with better airflow
- FLYTEFOAM™ technology in the midsole helps deliver a more responsive step and premium underfoot comfort
- GEL® technology in the forefoot and rearfoot delivers advanced cushioning during harsh landings
- TRUSSTIC SYSTEM™ increases stability when covering the court and reduces unnecessary twisting
- ORTHOLITE™ sockliner improves cushioning and effectively manages moisture
- AHAR® outsole is a hard-wearing rubber compound that resists breakdown against high-contact areas on clay courts

GEL-RESOLUTION™ 8

The GEL-RESOLUTION™ 8 CLAY tennis shoe promotes a responsive stride with a close-to-the-court feel.

The FLEXION FIT™ upper provides form-fitting support with the integration of DYNAWALL™ technology, which offers added midfoot stability during lateral movements and coast-to-coast coverage. Implementing a torque control feature in the heel counter, this shoe is also designed to help maintain a locked in feel during quick transitions.

Renowned for its signature GEL® technology in the heel and midfoot, this shoe significantly reduces the impact of shock from abrupt stop and go movements on court. Additionally, the model also incorporates an AHAR® compound in the outsole that works in conjunction with the PGUARD™ toe protector to increase traction on court, while reducing the overall level of wear.

Creating an accelerated response with a natural close-to-the-ground feel, the GEL-RESOLUTION™ 8 CLAY tennis shoe allows you to approach your matches on clay courts with confidence.

SOLUTION SPEED™ FF

Drawing inspiration from the renowned Shibuya cross-street in Tokyo, the SOLUTION SPEED™ FF limited-model of our tennis shoe is designed with a sleek construction that's topped off with an energized midsole response to enable you to track down hard-to-get shots.

Designed with a FLEXION FIT™ upper formation that wraps the foot with a sleek no-sew application, this shoe provides snug support and an adaptable fit throughout the midfoot. Created to deliver excellent comfort, the P.H.F.™ (Personal Heel Fit) allows the shoe to mold to the natural shape of the wearer's foot for a customized feel.

The lightest shoe on the ASICS Tennis roster, the SOLUTION SPEED™ FF model is layered with our FLYTEFOAM™ midsole technology that enables a faster response with improved durability. Complementing the shoe's faster properties is the GEL® technology based cushioning unit to attenuate shock from harsh impact.

Constructed for a fast-pace game, the SOLUTION SPEED™ FF limited model tennis shoe is recommended for supplying a responsive stride with amplified cushioning properties.

GEL-GAME™ 7

Raise your game with the men's GEL-GAME™ 7 tennis shoe that's specifically designed for playing on courts. Made with a wider heel cage and outriggered outsole for increased stability and traction when you're making quick lateral movements, this ASICS tennis shoe brings comfort and focus to every performance.

A mesh upper and synthetic overlays offer extra comfort and stability as you're darting around, while the open mesh allows feet to breathe better and keep them more comfortable as you play. Meanwhile, the removeable ORTHOLITE™ sockliner brings a further boost to the comfort factor - providing a responsive rebound and effective moisture management.

The GEL® technology to the forefoot and EVA midsole offer even more cushioning and rebound, providing stability for your feet by absorbing high-density shocks and extending comfort over the distance. Whether you're a beginner or seasoned pro, bring power to your game with the GEL-GAME™ 7 model.

GEL-DEDICATE™ 6

Put in your most powerful performance on the court with the men's GEL-DEDICATE™ 6 tennis shoe by ASICS. Featuring advanced technologies, this shoe provides all the comfort and support you need from the first serve to match point. The EVA midsole absorbs shock and increases rebound as you move around the court, while the EVA sockliner molds to the shape of your foot for an unrivalled feeling of comfort underfoot. It can also be removed to allow space for bespoke orthotics.

GEL® technology in the forefoot provides cushioning and comfort even during the longest rallies, while the molded TRUSSTIC SYSTEM™ component under the midfoot area gives your feet extra stability and helps control torsion, allowing you to change direction at high speed.

The special lasting in the upper part of the shoe creates extra stability and comfort. With the comfortable and stylish GEL-DEDICATE™ 6 shoe in your tennis bag, you'll be ready to see off any competition on matchday or in training.

FEATURES

Designed to help players put in an outstanding performance, the men's GEL-DEDICATE™ 6 tennis shoe by ASICS features technologies for comfort and durability on the court. Forefoot GEL® technology absorbs shock, while the TRUSSTIC SYSTEM™ technology provides support under the midfoot to control torsion as the wearer moves at high speed. This shoe is suitable for orthotics wearers thanks to the removable EVA sockliner, which is also in the midsole and moulds to the foot for an extra layer of cushioning. With the special lasting for added stability, the GEL-DEDICATE™ 6 shoe is a matchday essential for any tennis player.

VOLLEYBALL

SKY ELITE™ FF

Representative of the colour red and its symbolism of the sun in Japan, the SKY ELITE™ FF MT volleyball shoe features an exclusive colourway that's inspired by an athlete's burning passion to compete. Designed for indoor courts, its N.C. RUBBER™ and AHAR® plus outsole boasts excellent grip, meaning you can make quick turns and jumps with ease.

TRUSSTIC SYSTEM™ technology in the midfoot works to control twisting, while GEL® technology in the rear of the shoe provides shock absorption and cushioning.

An added layer of comfort comes from the mesh insole, while the ORTHOLITE™ sockliner provides extra cushioning and effective moisture management, so you don't need to worry about sweat even during the most intense matches. The sockliner is also removable.

We've packed all this technology into a lightweight, streamlined shoe that can also become an essential part of your match day kit.

NETBURNER BALLISTIC™ FF 2

The NETBURNER BALLISTIC™ FF 2 shoe is recommended for court sports such as volleyball and netball. This model evolves the GEL-NETBURNER™ style lineage even further with advanced componentry that promotes a more flexible fit and greater durability.

This shoe is designed with sleek ridges of polyurethane rubber over the toes for added protection and durability, while enabling improved flexibility in the forefoot, all without forgoing any of its signature support. The supportive internal heel counter helps deliver a locked-in feel to inspire confidence while making abrupt cuts on court.

Injected with FLYTEFOAM™ Propel technology in the midsole, this shoe delivers a bouncy response with cushioned underfoot comfort. Designed to ensure stability, the integration of TWISSTRUSS™ technology also equips athletes with more agility and speed during abrupt twisting or pivoting motions.

Equipped with deeper flex grooves in the outsole to enhance traction on-court, the NETBURNER BALLISTIC™ FF 2 volleyball shoe supplies technology that increases flexibility and resilience.

BLAST FF™ 2

The BLAST FF™ 2 model is made for indoor court sports such as handball. It's an excellent choice for power players looking for advanced support and flexibility. They want their shoes to protect and support them in aggressive movements. This shoe improves upon its predecessor by helping maintain power during pivot and side-to-side movements. This update also has improved flexibility that's complemented with a protective, spring-loaded underfoot feel.

This shoe offers a supportive fit, thanks to the no-sew mesh application that promotes a customized feel by adapting to the foot's natural motion. The TRUSSTIC™ component helps stabilize the foot during side-to-side and turn back motions by wrapping the rear lateral portion of the midsole, simultaneously allowing smooth transitions in between each stride. This is complemented by DYNAPWRAP™ technology, composed of two supportive panels that run from the base of the laces and over the arch and midfoot to the midsole - wrapping the foot with a secure hold during abrupt turns or side-to-side movements.

Energized with FLYTEFOAM™ Propel technology in the midsole, this shoe allows better bounceback to deliver power transfer from one foot to the other on court. An excellent choice for power players looking for that magic combination of power, support, and advanced flexibility.

GEL-BLADE™ 7

Cover the ground in style and comfort with the GEL-BLADE™ 7 squash and badminton shoe by ASICS, featuring an EVA midsole for bounce and cushioning.

The mesh insole and ORTHOLITE™ sockliner allow the foot to breathe as things heat up, while the shoe's TRUSSTIC SYSTEM™ technology gives you the stability and guidance you need to stay on top.

The GEL-BLADE™ 7 shoe's standard width accommodates a wide range of foot sizes, while the removable sockliner can be replaced with orthotics for those requiring further arch support. The AHAR® plus outsole is all about protection, lending a hardwearing quality to the design and minimising scuffs as you slide across the court.

The GEL® technology to the rear provides comfort, cushioning your feet no matter how long you play.

MATFLEX™ 6

Ready, steady, wrestle! Kids who can't get enough of the sport will need a quality wrestling shoe to help lift their performance and confidence on the mat - no matter who their opponent may be. Introducing the ASICS kids' MATFLEX™ 6 GS wrestling shoe with comfort-boosting properties.

The porous mesh insole acts as the base for comfort. The mesh design allows plenty of air to circulate within the shoe, keeping skin dry and refreshed. If excess sweat does start to accumulate when the going gets tough, the shoe's EVA sockliner will absorb it before it can distract your child's attention during an important match. Finally, the MATFLEX™ 6 GS comes equipped with California lasting for durability and total peace of mind.

Help your child to make the most of their time on the mat with the ASICS kids' MATFLEX™ 6 GS wrestling shoe.

The image features three models from the waist up, showcasing Asics men's training apparel. The model on the left is in profile, wearing a black zip-up jacket with a white Asics logo on the collar and a small white logo on the lower left sleeve, paired with grey athletic pants. The middle model is facing forward, wearing a similar black zip-up jacket with white Asics logos on the collar and lower right sleeve, also paired with grey athletic pants. The model on the right is seen from the back, wearing a black long-sleeved top with a subtle horizontal ribbed texture and grey athletic pants. The background is a solid, light grey.

GEL-QUANTUM INFINITY™ MICRO

Drafting off the original design of our GEL-QUANTUM INFINITY™ sneaker that emulates the fluidity of water, the GEL-QUANTUM INFINITY™ MICRO shoe combines performance components and retro details.

This silhouette is constructed with mesh and no-sew paneling on the upper that forms a layered look to mirror archived ASICS offerings from the 90s.

Additionally, this model is complemented with a performance driven midsole that incorporates a GEL® technology cushioning system in the heel for comfort.

FEATURES

No-sew upper construction to help reduce forefoot irritation

GEL® technology cushioning unit in the heel to promote excellent shock absorption

GEL-CITREK™ 2

Drawing influence from our range of trail-running footwear styles, the GEL-CITREK™ sneaker is also equipped with a series of performance running details to create a contemporary look.

Constructed with a durable rip-stop paneling on the mesh upper, this shoe is designed with a layered aesthetic that's met with excellent ventilation and synthetic leather details along the eyestay.

Resting on an EVA midsole, this outdoor inspired silhouette is complemented with a GEL® technology cushioning system in the heel to generate lasting comfort.

Reimagining our history of performance trail-running shoes with contemporary design details, the GEL-CITREK™ sneaker blends an urban appeal with a premium cushioning experience.

FEATURES

- Standard width
- California slip lasting
- Mesh upper
- Molded EVA midsole
- Molded rubber outsole

- Internal heel counter

JAPAN L

Designed for club and professional level basketball players who are active in every area of the paint, the INVADE NOVA shoe features excellent stability properties to handle abrupt movements and transitions on court.

The upper is equipped with a high-top design that offers advanced ankle support, while the belt fitting system helps supply a locked down fit that also encourages a customized fit.

Implementing FLYTEFOAM™ Propel technology in the midsole, this shoe helps deliver a more responsive rebound in between strides.

FEATURES

- Perforated toe paneling for breathability
- Circular outsole design for improved traction
- Premium leather construction

JAPAN S

The JAPAN S shoes are based on one of our throwback offerings from 1981. This reworked iteration is formed with a low-top silhouette that's complete with a court-inspired toe box and throwback colourways.

Updated with a lightweight design that features a modified cupsole, this shoe is enhanced with excellent comfort and long-lasting cushioning. Mimicking the aesthetic of a retro basketball sneaker, this heritage style is also paired with nostalgic ASICS branding, like the tiger stripes on the quarter-panels and "ASICS" lettering at the heel.

The JAPAN S shoe's vintage basketball aesthetic is complemented with iconic court-specific details that are inspired by footwear worn on the hardwood by basketball players in the 80s.

CLASSIC CT

Paying tribute to heritage tennis influences, the CLASSIC CT™ SLIP-ON sneaker revamps the CLASSIC CT™ silhouette with a slip-on construction.

This throwback style is designed with a low-profile upper that's accented with our tiger stripes branding at the sides.

Elevating the look of nostalgic court offerings, the CLASSIC CT™ SLIP-ON sneaker stays true to the era's authentic tennis roots and design nuances with refined material offerings that continue to win in street style.

2020 SALES POLICIES

ORDERS

All orders must be approved by ACA. Minimum order is \$ 150.00 or two units per call. Orders under \$ 150.00 or two units will carry a surcharge of \$ 10.00. The initial order for a new store or new customer is \$ 1500.00. Back Orders will be cancelled without notice 60 days from shipment date, unless specified by customer.

SALES CONDITIONS

Sales are FOB point of departure (Sherbrooke). Payment terms are NET 30 days from shipping date unless otherwise communicated from the ACA credit department. Payment terms are subject to change without prior notice. Interest of 2% per month (24% per year) is charged on all overdue accounts. Discounts will be cancelled if payment terms are not respected. Deductions from payments will not be allowed unless authorized. Prices are subject to change without prior notice. Orders are invoiced at prices prevailing at time of shipment except for booking program. Booking and repeat discounts apply on back orders. Invoice includes Government Sales Tax (GST) and Provincial Sales Taxes where applicable or Harmonized Sales Tax where in effect.

MISSING MERCHANDISE

All merchandise should be verified upon its arrival. Missing or defective merchandise should be reported directly to the transporter. ACA is not responsible for loss and damage caused in transportation. Missing merchandise in a carton caused by shipping must be reported to ACA customer service within 10 days of receipt of merchandise. Claims must include the invoice number and bill of lading number. Claims will not be accepted after 10 days.

RETURN POLICY AND CLAIMS

ACA reserves the right to approve authentic returns due to manufacturing defects, late shipment or other legitimate reasons. All returns must be authorized in advance by ACA. Accounts must request authorization to return merchandise to ACA. Upon approval, ACA will provide a Return Authorization Number (RA#) to box. Merchandise returned without a number will be refused. Collect shipments of returned merchandise will not be accepted. Freight must be prepaid by the dealer.

NEW MERCHANDISE

ACA reserves the right to charge a 20% restocking fee for all returns of non-defective merchandise. Collect shipments of returned merchandise will not be accepted. Freight must be prepaid by the dealer.

BOOKING ORDER

A booking order is an order which requests delivery 150 days or more after the order is received at ACA. The applicable discount is based on the Booking Program valid at the time the order is placed. To ensure complete delivery, the order must be submitted according to the deadline outlined on A.C.A's Booking Program. Minimum of 5 pairs per SKU per delivery. Each booking order must be signed by the client or authorized personnel and should include a purchase order number.

REPEAT ORDER

A repeat order is an order which requests delivery 7 days or more after the order is received at ACA. The applicable discount is based on the Discount Program valid at the time the order is placed. To ensure complete delivery, each order must be signed by authorized personnel and should include a purchase order number.

ORDER CANCELLATION

Order cancellations must be completed a minimum of 35 days prior to the requested shipping date for booking orders and 5 days prior to the shipping date for Repeat orders. ACA reserves the right to affect the customer discount as a result of cancellation.

ORDER ADJUSTMENTS

Any reduction of a booking order could result in booking discount to be cancelled. Size revision is not permitted unless authorized by ASICS CANADA CORP Sales Management. For further information, please contact your ASICS Sales Representative.

NO TRANSSHIPMENT

Retailer will sell ASICS products only to consumers who buy the products for their own needs and not for resale. The resale or transfer of products by Retailer to another Retailer or business is strictly prohibited, and in the event of such resale or transfer, ASICS may, in its absolute discretion upon written notice to Retailer, terminate account agreement or cancel all outstanding orders and withhold shipment of future orders of products to Retailer.

POLITIQUES DE VENTES 2020 COMMANDES

COMMANDES

Toutes les commandes doivent être approuvées par ACA. La commande minimum est de 150,00 \$ ou deux unités par appel. Les commandes de moins de 150,00 \$ ou deux unités entraîneront un supplément de 10 \$. La commande initiale d'un nouveau magasin ou d'un nouveau client est de 1500 \$. Les commandes les 60 jours suivant la date d'expédition, sauf indication contraire du client.

CONDITIONS DE VENTE

Toutes les ventes sont FOB à partir du point d'expédition. Les termes de paiement réguliers sont de NET 30 jours de la date d'expédition. Des frais mensuels de 2% (24% par année) sont ajoutés aux factures en souffrance. Un paiement en souffrance annule tout escompte. Aucune déduction de paiement ne sera acceptée à moins qu'un avis de crédit n'ait été émis à cet effet. Les prix peuvent changer sans préavis. Les marchandises sont facturées au prix courant à la date d'envoi, sauf pour les programmes de placement. L'escompte de placement et réapprovisionnement s'applique sur les articles en services (B/O). La taxe sur les produits et services (TPS) est incluse sur la facture. La taxe de vente provinciale est également incluse sur la facture en cas échéant. La taxe de vente harmonisée est appliquée dans les provinces où elle est en vigueur.

MARCHANDISE MANQUANTE

Les marchandises doivent être vérifiées et comptées dès leur arrivée chez le client. Tout article manquant ou endommagé doit être immédiatement noté sur le reçu de livraison et communiqué au transporteur. ACA ne se tient pas responsable des pertes ou des dommages causés au cours du transport. Tout article manquant dans une boîte fermée, causé par une erreur de triage de triage ou d'emballage, doit être signifié dans les 10 jours suivant la date de réception de la marchandise. Au-delà de cette période, aucune correction ne sera considérée. Toute réclamation doit être accompagnée des numéros de facturation et d'expédition.

POLITIQUE DE RETOURS & RÉCLAMATIONS

ACA se réserve la décision finale d'approbation de retours pour des produits défectueux, d'expéditions tardives ou toutes autres raisons légitimes. Le service à la clientèle d'ACA doit préalablement autoriser tout retour de marchandise selon la demande reçue par le détaillant. Après approbation, ACA émettra un numéro de retour (RA#) à inscrire clairement sur l'extérieur de la boîte à retourner. La marchandise retournée sans numéro de retour (RA#) ne sera pas acceptée. La marchandise doit être expédiée, port payé, par le détaillant.

MARCHANDISE NEUVE

ACA se réserve le droit de facturer 20% de frais de remise en tablette pour un retour de marchandise non-défectueuse. La marchandise doit être expédiée, port payé, par le détaillant sous contrainte de n'être acceptée du transporteur.

COMMANDE DE PLACEMENT (BOOKING)

Une commande de placement doit être reçue par ACA un minimum de 150 jours avant la date de livraison requise. L'escompte sera calculé selon le programme de placement en vigueur au moment de la commande. Pour assurer une livraison complète, la commande doit être placée selon l'échéancier prévu par ACA. Minimum de 5 paires par modèle par livraison. Toute commande de placement doit être signée par le client ou son employé autorisé et contenir un numéro de bon de commande. Une seule commande de placement par mois est permise par client.

COMMANDE RÉGULIÈRE (REPEAT)

Une commande régulière doit être reçue par ACA un minimum de 7 jours ouvrables avant la date de livraison requise. Toute commande régulière doit contenir un numéro de bon de commande (P.O.) émis par le client.

ANNULATION DE COMMANDE

Toute annulation de commande doit survenir 5 jours précédant la date de livraison pour une commande régulière, et 35 jours précédant la date de livraison pour une commande de placement. ACA se réserve le droit d'affecter l'escompte du client sur l'ensemble de ses commandes suite à une annulation.

MODIFICATION DE COMMANDE

Toute réduction de commande de placement pourrait entraîner l'annulation de l'escompte de placement. La révision de taille n'est pas permise sans l'autorisation de la direction des ventes de Corporation ASICS CANADA. Pour plus de renseignements, svp contacter votre représentant des ventes ASICS.

TRANSBORDEMENT INTERDIT

Le détaillant vendra les produits ASICS uniquement aux consommateurs qui les achètent pour leurs propres besoins et non pour les revendre. La revente ou le transfert de produits d'un détaillant à un autre détaillant ou à une autre entreprise est strictement interdite. Dans l'éventualité d'une telle revente ou d'un tel transfert, ASICS peut, selon sa discrétion et sur préavis écrit au détaillant fautif, résilier la convention du compte ou annuler toutes les commandes futures et retenir l'expédition des commandes en cours.
