Love these sandals

I have been wearing these for a few years now and still love them. Each year I collect another color or 2. They are so fun with my outfits. I got my sisters wearing them as well and we all love them!

Soooo comfortable

I have walked around the world and back in these sandals and I completely love them. I love the color and find that it blends in with many light colors. I love them so much that I purchased a second pair.

Cloudsteppers: BREEZE

WOMEN'S ESSENTIALS

inspiration & design language

Millions of women refresh their Breeze flip flops each season in new colors and materials because they are the most loved shoe in her closet. She loves the underfoot comfort, the versatility, and the value she gets at an entry price point.

Our job is to give her what she loves in the Breeze in a closed up, barefoot shoe for those transitional times when she's not quite ready for a sandal. It must feel classic and fit seamlessly into her wardrobe, have all the underfoot comfort she expects from Clarks, and have the emotional appeal that makes it impossible for her to choose just one color!

The name will help our loyal consumers make the connection with the Breeze Flip Flop and will help with digital navigation.

WOMEN'S ESSENTIALS

inspiration & design language

An evolution of the Essential classic sandal category building upon the Roseville shoe program success launched in AW21 (Roseville clog was the #1 booked in pattern!). Roseville sandals are designed with the same DNA as the shoe program built with burnished leathers, handcrafted details, and cork flecked outsole. Developed to help evolve the traditional heartland consumers sandal wardrobe by offering a sandal program that mirrors and has the handwriting of the Roseville program. The program will help protect our traditional portion of the Essentials line and offer the classic consumer something she currently does not own in her closet. Versatility and comfort are key elements to success in the group.
