

A man and a woman are running side-by-side in the rain. The woman is on the left, wearing a light blue and dark blue jacket and dark blue leggings. The man is on the right, wearing a dark blue and light blue jacket and light grey leggings. They are both wearing white Saucony running shoes. The background is a dark, textured wall with vertical lines, and rain is falling all around them.

saucony | run for good

**At Saucony, our purpose is to empower the human spirit.
With every stride, on every run, and in every community.
And this season, we're making sure that what we do,
Lives up to what we say.**

We're bringing peak performance.

From our award-winning shoes and apparel,
To the records our athletes smash,
And the runners whose dreams we inspire.

We're rethinking our impact.

Choosing our materials and processes
With the future of our roads, trails, and planet in mind.

Most importantly, we're rallying our community.

From the people we run with, to our partners,
And the local shops we call home.

Let's lace up and hit the road,
Because one good run leads to another.
And we're all in this together. For good.

Saucony. Run for Good.

New

Endorphin Pro²

Faster than your wildest dreams.

It debuted at the head of the pack, and now the Endorphin Pro 2 is here to rewrite your race pace. Again. Improved fit and support let you focus on the finish line, while our winning combo of ultralight PWRRUN PB and a carbon fiber plate propel you there at top speed.

Good things to know

Roll to a new PB

SPEEDROLL Technology propels you forward with the feeling of continuous momentum. Elevated cushioning and a stiff forefoot combine for an instantly responsive ride so you can run faster, not harder.

Fastest to the finish

The Endorphin Pro 2 combines ultralight and springy **PWRRUN PB** cushioning with our signature S-curve carbon fiber plate for maximum **SPEEDROLL** effect. Getting more out of each stride makes running at top speed feel easier, so you get to the finish line faster.

New, winning fit

Improved heel support and an updated lacing system provide an even better fit than before, giving you a distraction-free ride start to finish.

New

Endorphin Speed²

Podium-worthy. On and off the course.

Building on an award-winning year, the Endorphin Speed 2 is back with its just-right combo of ultralight PWRRUN PB cushioning and a flexible nylon plate. It shines for both speed work and long miles, workouts and race day. Finally, a shoe that works as hard as you do.

Good things to know

Rolling in speed

SPEEDROLL Technology propels you forward with the feeling of continuous momentum. Its two core variables are elevated cushioning and a stiff forefoot, which together result in an instantly responsive ride so you can run faster, not harder.

Versatile energy return

The Endorphin Speed 2 combines ultralight and springy **PWRRUN PB** cushioning with a full-length, semi-rigid nylon plate that's more flexible than carbon fiber, resulting in a powerful **SPEEDROLL** effect that works for both speed workouts and races.

Superior fit

We worked with our athletes to fine-tune the heel shape and fit for a locked-in feeling, mile after mile.

New

Endorphin Shift²

Make every day feel like your best day.

The Endorphin Shift 2 is the definition of effortless performance. It mixes a lofty bed of PWRRUN cushioning with propulsive SPEEDROLL Technology so you get more out of each stride. And with its perfect touch of stability, you can count on lots of feel-good miles, every day of the week.

Good things to know

Rock and roll

SPEEDROLL Technology propels you forward with the feeling of continuous momentum. Elevated cushioning and a stiff forefoot combine for an instantly responsive ride so you can run faster, not harder.

Feels refreshingly plush

Its thick bed of springy **PWRRUN** cushioning alone provides a plusher take on **SPEEDROLL** and makes the Endorphin Shift 2 perfect for every distance and any day of the week, especially those when you want your shoes to do a little more work for you.

Streamlined stability

A new, trimmed-down TPU heel counter shaves off weight while providing great heel fit. Up top, enjoy a more breathable mesh for all-day comfort.

Hurricane²³

Next-level capability and comfort.

The Hurricane 23 holds nothing back—it's pure luxury with a progressive approach to stability. Its supportive guidance frame works with the security of the upper to guide each step without feeling restrictive. When paired with PWRRUN+ cushioning, the final result is an invigorating soft, plush ride that's quick to conquer anything.

Good things to know

Stacked with soft spring

Lightweight **PWRRUN+** cushioning provides a luxurious plush feel with enough spring to keep legs feeling fresh.

Stability without restraint

The **TPU guidance frame** works in tandem with the structure of the upper to guide each step without feeling overly restrictive.

Goes the extra mile

Crafted details—a suede tongue, debossed logos, and reflective stitching—make this shoe look as good as it feels.

Freedom⁴

Liberate your run.

The Freedom 4 packs a fast, springy feel to get you through every mile and every rep. Updated with ultra-light, high-performance PWRRUN PB cushioning and the ability to better handle lateral movement, its versatility is ready to take on whatever you want, wherever you want—running or otherwise.

Good things to know

Feels light and springy

Updated with our ultralight **PWRRUN PB** cushioning that takes energy efficiency to new heights.

Stays with you

From a treadmill class to bootcamp, this shoe's slightly wider base and strategic stabilizers ensure you have the confidence to give every interval and every rep everything you've got.

Style that works

The crafted details—a suede tongue, debossed logos, and hidden reflectivity—make for a truly high-performing shoe that can be worn all day.

Ride¹⁴

Are you in for the Ride?

The evolution of the reliable Ride 14 combines the comfort and cushioning you'd expect with a new bolder, faster design you'll want to wear well past the run.

Good things to know

Consistently good cushioning

PWRRUN cushioning continues to provide just the right amount of softness, yet responsive enough to tackle as many miles as you wish.

Bolder and faster

Inspired by wear testing and consumer feedback, the updated shape and handcrafted feel deliver a sleek, secure profile that's faster and more dynamic than before.

Slipper-like fit

The clean look of **FORMFIT** combines a new and improved engineered mesh to optimize breathability with a lighter, thinner internal construction for a comfortable and custom fit.

Guide¹⁴

Confident strides forward.

Guiding your every mile, the Guide 14 is pure performance in a shoe. You'll even want to wear it past your workout. The look is clean, the ride is smooth and, most importantly, you'll be confident with every stride forward.

Good things to know

Eye-opening comfort

Newly formulated **PWRRUN** foam packs in more responsiveness with a softer feel than most other EVA formulations, so it delivers a livelier sensation than what stability-seeking runners are accustomed to.

Flawless stability

The tonal medial **TPU guidance frame** and 3D-engineered fascia in the upper both help deliver 360 degrees of stability while disappearing into the design of the shoe for a clean overall look.

Distraction-free fit

FORMFIT addresses the collective constructions that help our shoes wrap and fit around your entire foot, and the Guide 14 has been streamlined to achieve more comfort with less bulk. Runners will primarily notice this in the enhanced heel fit and a generally lighter feel on foot.

Kinvara¹²

Light speeds ahead.

The Kinvara 12 is our trusted go-fast trainer, further refined to make the most of less. Made lighter with a simplified upper, the ride feels as fast as ever—with the flex needed to get you to the start line stronger and the finish line sooner.

Good things to know

Feels light and fast

PWRRUN cushioning maintains the lightweight responsiveness that makes this shoe a favorite for daily training miles or racing longer distances.

More aggressive handling

The addition of more ground contact adds power to the flexible ride, making the transition from landing to takeoff even faster.

Stripped-down comfort

Lightweight printing gives just enough structure to the breathable, adaptable mesh upper to feel secure without weighing you down.

Xodus¹¹

We've reached a new peak.

Get out and stay out in our most cushioned trail shoe that's ready for long days on rugged terrain. An aggressive lug pattern and PWRTRAC rubber outsole ensure great grip, while PWRRUN+ cushioning lends a full-suspension ride over as many miles as you can cover. Lace up and test your limits in the Xodus 11.

Good things to know

Unending grip

Aggressive, multi-directional 5mm lugs combine with **PWRTRAC** rubber to give you the control and traction to confidently tackle any terrain.

Full-suspension feel

Run longer and more comfortably with energizing **PWRRUN+** cushioning and the protection of a rock plate underfoot.

Durable and breathable

The new durable engineered mesh upper allows you to run longer with greater comfort.

Switchback²

Dialed to grip and rip trails fast.

For trail runners looking to get to their destination fast, the lightweight Switchback 2 is a race-ready machine that delivers more of what you need—long-distance cushioning placed into a nimble, grippy, and dialed-in package.

Good things to know

Precise grip

The sole's toothy lugs made of **PWRTRAC** tacky rubber were designed using pressure-mapping data to give you grip exactly where and how you need it.

Quick and protected

PWRRUN+ cushioning is 25% lighter, allowing for more protection underfoot while retaining the flexibility and energy return that lets you instinctively react to the trail with cat-like agility. A new rock plate ensures no debris slows you down.

Dialed fit

A new sock-like construction features a side-set **BOA** lacing system for a locked-in fit that is more comfortable and protects better than ever.

Peregrine¹¹

Hit the trails at peak speed.

Feel the speed and grip of the always-capable Peregrine 11. Built on a trusted foundation of PWRTRAC rubber lugs and PWRRUN cushioning, it delivers a ride that feels both aggressive and responsive. And with an even more protective upper than before, it's packed with everything you need to move fast over any type of rugged terrain.

Good things to know

Grip that won't slip

Aggressive lugs made of **PWRTRAC** tacky rubber conform to dig in and confidently grip a wide variety of terrains.

Feels rock steady

PWRRUN cushioning supplies a responsive feel while a rock plate ensures additional protection for pushing uphill and driving downhill with confidence.

Durable speed

The new ultralight, durable top layer adds durability to the comfortable air mesh bootie so nothing snags your speed.

Peregrine¹¹ ST

Go off trail. Not off speed.

When the ground gets soft, the Peregrine 11 ST goes hard. Taking the responsive feel of our most versatile trail shoe, this specialized version comes equipped with deeper lugs, spaced out to dig in and shed mud fast. Plus, the upper is reinforced to keep dirt and debris out, so you can focus on the adventure ahead.

Good things to know

Dig-deep traction

Deeper multi-directional **PWRTRAC** lugs give the ultimate grip, specifically made to handle wet, muddy terrain.

Feels rock steady

PWRRUN cushioning provides a responsive feel while a rock plate ensures additional protection for pushing uphill and driving downhill with confidence.

Keeps debris out

The debris-resistant upper is reinforced with 3D-printed overlays and a mesh shield over the tongue for ample protection.

Canyon TR²

Road to rugged.

For trails, roads, and everything in between, the Canyon TR2 is the perfect crossover. With springy PWRRUN cushioning and low-profile trail features, you can bag miles anywhere and any way you like.

Good things to know

Versatile, off-road grip

The low-profile **PWRTRAC** lugs provide plenty of off-road grip yet are spaced to make the transition from road to trail and back again feel smooth.

Responsive and plush wherever you run

PWRRUN cushioning provides just-right softness that's springy and responsive enough to tackle uneven terrain.

Rugged good looks

The comfortable and sleek engineered mesh upper is reinforced with a thin, flexible 3D-printed film for added protection and durability from mud and debris.

Support good habits.

Many runners find that they need their footwear to help them maintain a comfortable alignment. For those runners we build shoes with added structure to help reduce the joint torques that overstress their bodies. A runner's individual body and stride dynamics determine how much added structure they need from their shoes. The level of support is determined by the balance between lateral and medial constructions.

Landing Zone: Torque Reduction

Lateral point of contact engineered to decrease twisting force around ankle joints generated by foot strike.

Medial Structure Zone: Torque Resistance

Stiffer medial construction counters inward rotation force generated by lateral heel strike.

Midfoot Torsional Flexibility

Allows foot to roll to ground with a smooth natural motion rather than slapping down.

Good from all angles.

We've expanded FORMFIT to extend beyond an underfoot cradle to provide better adaptability to your foot from every touchpoint. It's the sum of a host of craftsmanship techniques—like 3D Printed overlays, soft engineered mesh, and contoured heel collars—that conform to you for a made-for-me-feel. The end-result is comfort that disappears on foot, so you stay focused on the distance ahead.

Technology Glossary

COMFORT LITE SOCKLINER

Molded sockliner contoured to cradle the heel, support the arch and reduce peak pressures in the forefoot. Built from premium EVA for an exceptionally responsive feel.

FORMFIT

Our exclusive 3D approach to fit that feels personalized through the use of an underfoot cradle construction that is topped with cushioning that shapes to you, plus upper materials that flex, stretch, and protect.

FOUNDATION PLATFORM

Provides a highly versatile, accommodating fit and feel designed to maximize comfort and support. Specifically designed for compatibility with orthotics or shoe inserts.

GRID

Offers stable cushioning in the heel.

iBR+

A 33% lighter and more cushioned blown rubber than our standard formula.

OFFSET

Heel-to-toe differential of the shoe, inclusive of the midsole and outsole measurements.

POWERGRID

PWRFOAM material is integrated with GRID technology to create a system that effectively centers the foot, absorbs impact and distributes pressure, resulting in an exceptionally smooth and responsive ride.

PROGRID

More responsive than EVA, PROGRID provides incredible cushioning in a lightweight package.

PWRGRID+

PWRGRID+ platform is over 20% more cushioned and 15% more resilient than a standard POWERGRID construction, providing a plush feel, responsive ride, and superior impact protection.

PWRFOAM

PWRFOAM EVA-based cushioning provides durability, resiliency and responsiveness.

PWRRUN+

The latest breakthrough in PU-based cushioning that is formulated at a lower density to increase the softness and decrease the weight of the super-resilient cushioning. It gives you the best in all six aspects of cushioning—impact absorption, stride response, pressure reduction, energy return, durability, and weight.

PWRRUN^{PB}

PWRRUN^{PB} is Saucony's premiere cushioning material. A beaded foam made from a proprietary blend of PEBA polymers, PWRRUN PB is half the weight of EVA and exceptionally bouncy (88% energy return). It also is very consistent across a wide range of temperatures, and dramatically more durable than EVA.

PWRRUN

The latest upgrade in EVA-based cushioning that provides even more energy-return rebound and durability than previous formulations.

PWRTRAC

Tacky, durable rubber that provides exceptional traction and abrasion resistance. Compound has a Coefficient of Friction (COF) that is 3x that of normal carbon rubber.

SRC

Super Rebound Compound provides durable shock absorption in the heel crashpad to help reduce torque and allow for a smooth transition into the midfoot.

SSL

Saucony Super Lite EVA blend that maximizes rebound and durability while minimizing weight.

SUPPORT FRAME

Molded support locks the heel in place for a secure, stable fit.

SPEEDROLL

Our revolutionary SPEEDROLL Technology propels you forward with the feeling of continuous momentum. Its two core variables are elevated cushioning and a stiff forefoot, which result in an instantly responsive ride, so you can run faster, not harder.

TRI-FLEX

Our TRI-FLEX outsole works to increase force dispersion over a greater surface area while also delivering optimal flexibility and traction.

VIBRAM ARCTIC GRIP®

Vibram Arctic Grip® Technology provides unparalleled traction in wet, slippery condition

VERSAFOAM

A durable EVA-based cushioning that has been tuned for a responsive ride.

VERSARUN

An incredible value-oriented EVA-based cushioning that feels responsive and has the durability required to hold up to a variety of activities.

XT-900

Premium carbon rubber outsole material that offers exceptional traction and highwear properties.

XT-600

Carbon rubber outsole material that offers exceptional abrasion and traction properties.

Terms & Conditions

Orders

All orders are subject to acceptance by Saucony, Inc. (hereinafter called SAUCONY).

Weights

Weights listed for shoes are approximate and may vary. All shoe weights are examples based on a men's sample size 9 and women's sample size 8.

Weights will vary by size.

Prices

Prices are subject to change without notice. At-once orders will be invoiced at the prices prevailing at the time of shipments. Prices are not guaranteed except under SAUCONY's booking programs.

Terms of sale

All SAUCONY goods shall be sold F.O.B. shipping point. Payment for all SAUCONY goods sold on open account will be due and payable pursuant to the terms and conditions stated on SAUCONY's invoice. The terms and conditions contained herein and in any SAUCONY Sales Orders take precedence over any terms and conditions set forth in Customer's Purchase Order or other similar document. Any sums not paid within net terms are subject to a late charge at the rate of the less or 1.5% of such amount per month (18% per year), or the highest rate permitted by law, until such amount is paid. Applicant shall pay costs, expenses and reasonable attorney's fees as SAUCONY may incur in any manner of collection of any sums past due. These terms of sale shall be constructed under Massachusetts law. Any proceeding arising out of, or in connection with, this agreement may be brought in any state or federal court of competent jurisdiction within the state of Massachusetts, and the Customer consents to the jurisdiction of such courts.

Cancellations/Revisions

Any request for cancellation or revision of an order for SAUCONY goods must be made through the SAUCONY Customer Service Team. A request to cancel an order which has been entered into SAUCONY's order system must be made, in writing, at least three (3) weeks prior to the requested need date and is subject to SAUCONY's approval. During booking season, we begin shipping orders two (2) weeks before the requested ship date in order to accommodate the volume of orders we receive. Cancel dates are strictly adhered to.

Loss or damage in transit

SAUCONY shall not be responsible for SAUCONY goods lost or damaged in transit. Customer shall be responsible for checking its shipment upon delivery for total carton count and condition. Any shortage in total carton count or evidence of damage to SAUCONY goods must be noted on the carrier's delivery receipt and reported to the carrier's local office immediately upon receipt of goods.

Shortages in unopened cartons

All shortages must be reported to the SAUCONY Customer Service Team within ten (10) days from the date of SAUCONY's invoice. Customer shall be required to furnish SAUCONY with an invoice or shipping order number and an itemization of all shortages/overages by product code, size and quantity. Incomplete claims and claims filed more than thirty (30) days after the SAUCONY invoice date will not be accepted. Customer shall be required to furnish Customer's claim number, if any, when reporting a claim.

Back orders

All back orders shall be shipped F.O.B. shipping point. No deductions are allowed for freight, parcel post or UPS charges. All back orders not shipped within thirty (30) days of the requested ship date will be canceled unless otherwise requested in writing by Customer.

Defective returns

Returns of defective shoes must be authorized in advance by SAUCONY Customer Service. SAUCONY will issue the appropriate number of return authorization labels to Customer. All defective returns must have a valid SAUCONY return authorization label affixed to the outside of each carton. Cartons delivered without a valid return authorization label will be refused by SAUCONY. Returns must state what is defective on each shoe. Customer shall not package returns to stock with defective returns.

Authorized defective returns are to be shipped to:

*Wolverine Worldwide Canada ULC
6225 Millcreek Drive
Mississauga ON L5N 0G2*

SAUCONY, in its sole discretion, will determine whether the goods are defective. If Customer does not provide the invoice number at the time of return request, SAUCONY shall credit Customer for defective returns at the prices prevailing on the date the credit is issued.

Return to stock

All returns to stock of SAUCONY goods must be authorized in advance by SAUCONY Customer Service. Request for authorization to return SAUCONY goods must be made within thirty (30) days from the date of SAUCONY's invoice. SAUCONY's shipping order number or invoice number shall be required on all return to stock claims. SAUCONY will issue the appropriate number of SAUCONY return authorization labels to Customer. All returns to stock must have a valid SAUCONY return authorization label affixed to the outside of each carton. Cartons delivered without a valid SAUCONY return authorization label will be refused by SAUCONY. All returns to stock must be shipped prepaid. If the return to stock is due to a SAUCONY error, SAUCONY shall credit Customer for the return shipping charges upon receipt of Customer's freight bill. If return is due to a packing or shipping error, the original packing slip must be included with the return authorization. Without the packing slip, SAUCONY shall credit all returns to stock at prices prevailing on the date credit is issued. All returns to stock will be assessed a fifteen percent (15%) restocking charge unless the SAUCONY goods were shipped in error by SAUCONY.

Authorized new (return or stock) returns are shipped to:

*Wolverine Worldwide Canada ULC
6225 Millcreek Drive
Mississauga ON L5N 0G2*

Additional charges will be assessed if re-boxing, unlacing, re-bagging or removal of Customer tags is necessary.

Refused shipments

Freight charges and restocking fees may be applied to refused shipments.

Closeouts

All SAUCONY merchandise that was shipped with Customer consent will not be considered for return. The shipments are on a ship and cancel basis and are final at the time of shipment.

Consignment inventory

SAUCONY does not sell inventory on consignment. Customer is responsible for acceptance and payment of inventory sold under Terms and Conditions stated here.

Transshipping

Customer shall not sell SAUCONY goods to another retailer, distributor or broker; within or outside of Canada, without SAUCONY's expressed written consent. Violation of this condition may result in termination of Customer's account and legal action.

Distribution channels

Customer is prohibited from either (1) selling any SAUCONY products, through telephone solicitations, mail and direct order solicitations, on or in connection with catalogs, or through electronic commerce or any other electronic means (including but not limited to the Internet or any on-line services); or (2) advertising or promoting any SAUCONY products, or in any manner using the SAUCONY name or any mark or logo of SAUCONY, by electronic commerce or any other electronic means (including but not limited to the Internet or any on-line services), without the prior written approval of SAUCONY for any such sales or advertisements. SAUCONY may grant or withhold approval in its sole discretion, and any approval shall be subject to such terms and conditions as SAUCONY deems desirable.
